K-2 Perfect Attendance - Zane Piatt - Kindergarten. Lukas Lenhoff, Rylee Sagester

3-6 Perfect Attendance - Lanie Piatt- 3rd Grade, Dalton Cockerham, Alisha Rismiller, Rachel Stewart - 5th Grade, Elijah Driver - 6th Grade,

**Reading Counts Winner**  
**Maddie Bennett**

**Runner Up**  
**Charlie Mitchell.**

Recently, Raytheon's MathMovesU announced the winners of the Build it Better contest, a competition encouraging students to put on their engineering caps, pick anything (big or small) from school life and describe how it could be redesigned for a better school experience. Students from across the United States submitted videos and diagrams explaining their project ideas. Ten finalists were selected from the group and posted to Facebook for public voting. First prize in the contest went to Jonathon Crawford, a fifth-grader from Tri-Village Elementary in New Madison Ohio. Jonathon came up with a clever way to alleviate long lunch lines with an iPad app. Jonathon will be awarded a \$2,000 classroom grant for his winning entry.

*Jonathon is pictured presenting his check to Mrs. Kimberly Chowning, Treasurer at a school board meeting.*

On May 2, 2013 Students from Tri-Village, Mississinawa and some friends from Wayne Industries traveled to Port Clinton, Ohio for a fishing trip on Lake Erie. Thanks to a grant from the Ohio Dept. of Natural Resource, written by Karyn Smith (Tri-Village), the trip was fully funded. Early in the morning thirty-eight excited students and adults boarded a charter bus and took off for Port Clinton, Ohio. Once in Port Clinton they boarded the Miss Cindy and began fishing for walleye. Everyone had a great time and caught several fish. We would like to thank everyone who made this trip possible and a special thanks to John Winger for his assistance on this trip and other fish-

**Grant sends kids to Port Clinton Ohio to fish Walleye.**
