Student Agenda
for the
TRI-VILLAGE ELEMENTARY SCHOOL

Welcome to Tri-Village Local Schools. The staff and I are pleased to have you as a student and will do our best to help make your experience here as enjoyable and successful as you wish to make it. To help provide a safe and productive learning environment for students, staff, parents and visitors, the Board of Education publishes this updated Student/Parent Handbook annually to explain students' rights, responsibilities, and consequences for misbehavior.

Parents are encouraged to take a few minutes to review and discuss the information in this Handbook with their school-age children. Teachers will also review this Handbook with students at the beginning of the school year.

Thank you for taking the time to become familiar with the important information in this Handbook. If you have any questions, please contact the principal.

DISTRICT GOALS

- Maintain and expand Tri-Village's educational image
- Develop pathways to utilize data
- Develop strategies to teach and learn academic content standards in all subject areas.
- Maintain long-term financial stability of the district

The full student handbook and all board policies are available on the school's web page which can be located at www.tri-village.k12.oh.us.

This Student/Parent Handbook is based in significant part on policies adopted by the Board of Education and Administrative Guidelines developed by the Superintendent. The Policies and Guidelines are periodically updated in response to changes in the law and other circumstances. Therefore, there may have been changes to the documents reviewed in this Handbooks since it was printed. If you have questions or would like more information about a specific issue, contact your building principal.

FOREWORD

This Student Handbook was developed to answer many of the commonly asked questions that you and your parents may have during the school year. This handbook summarizes and references many of the official policies and administrative guidelines of the Board of Education and the District. To the extent that the handbook is ambiguous or conflicts with these policies and guidelines, the policies and guidelines shall control. This handbook is effective immediately and supersedes any prior student handbook.

Because the handbook also contains information about student rights and responsibilities, each student is responsible for knowing its contents. Please take time to become familiar with this handbook and keep it available for you and your parent to use. It can be a valuable reference during the school year and a means to avoid confusion and misunderstanding when questions arise. Should you have any questions that are not addressed in this handbook, contact your **School Counselor or Principal** who you will find

listed in the Staff Directory section of the handbook.

This Handbook does not equate to an irrevocable contractual commitment to the student, but only reflects the current status of the Board's policies and the School's rules as of June 29, 2026. If any of the policies or administrative guidelines referenced herein are revised after June, 29, 2026 the language in the most current policy or administrative guideline prevails.

Copies of current Board policies and administrative guidelines are available from the building principal and on the District's website.

		SCHOOL DAY	
Elementary Schedule:	**Regular Day: 8:00 – 2:45**	**2 Hour Delay: 10:00 – 2:25**	**Early Release: 8:00 – 1:15**
Lunch Schedule	**Grades K-2: 11:45 – 12:15**	**Grades 3-5: 12:15-12:45**	**Grade 6: 11:15-11:45**

STUDENT RESPONSIBILITIES
The rules and procedures of the school are designed to allow each student to obtain a safe, orderly, and appropriate education. Students can expect their rights to freedom of expression and association and to fair treatment as long as they respect those rights for their fellow students and the staff. Students will be expected to follow teachers' directions and to obey all school rules. Disciplinary procedures are designed to ensure due process before a student is removed because of the student's behavior.

Parents have the right to know how their child is succeeding in school and will be provided information on a regular basis and as needed, when concerns arise. Many times, it will be the student's responsibility to deliver that information. If necessary, mail or hand delivery may be used to ensure contact. Parents are encouraged to build a two-way link with their child's teachers and support staff by informing the staff of suggestions or concerns that may help their child better accomplish the child's educational goals.

Students must arrive at school on time, prepared to learn and participate. If, for some reason, this is not possible, the student should seek help from the attendance secretary. Adult students (age eighteen (18) or older) must follow all school rules. If residing at home, adult students are encouraged to include their parents in their educational program.

STUDENT WELL BEING

Student safety is the responsibility of both students and staff. All staff members are familiar with emergency procedures such as fire and tornado drills and accident reporting procedures. If a student is aware of any dangerous situation or accident, s/he must notify a staff person immediately.

State law requires that all students have an emergency medical authorization completed and signed by a parent or guardian on file in the School office.

Students with specific health care needs should deliver written notice about such needs along with physician documentation to the School office.

INJURY AND ILLNESS

All injuries must be reported to a teacher or the office. If the injuries are minor, the student will be treated and may return to class. If medical attention is required, the office will follow the School's emergency procedures and attempt to make contact with the student's parents.

A student who becomes ill during the school day should request permission to go to the office. An appropriate adult in the office will determine whether or not the student should remain in school or go home. No student will be released from school without proper parental permission.

SECTION I GENERAL INFORMATION

ENROLLING IN THE SCHOOL

In general, State law requires students to enroll in the school district in which their parent or guardian resides unless enrolling under the District's open enrollment policy or unless enrolling and paying tuition.

New students under the age of eighteen (18) must be enrolled by their parent or legal guardian. When enrolling, parents must provide copies of the following:

A. a birth certificate or similar document
B. court papers allocating parental rights and responsibilities, or custody (if appropriate)
C. proof of residency (form at school)
D. proof of immunizations

Under certain circumstances, temporary enrollment may be permitted. In such cases, parents will be notified about documentation required to establish permanent enrollment.

Students enrolling from another school must have an official transcript from their previous school in order to have credits transferred. The Guidance counselor will assist in obtaining the transcript, if not presented at the time of enrollment.

Students enrolling in the District following any period of home education will be placed in the appropriate grade level, without discrimination or prejudice.

Homeless students who meet the Federal definition of homeless may enroll and will be under the District Liaison Homeless Children with regard to enrollment procedures.

Students who meet the Federal definition of children and youth in foster care may enroll and will be under the direction of the Local Point of Contact with regard to enrollment procedures.

Foreign students and foreign-exchange students (from recognized and approved student programs) are eligible for admission on the same basis as other non-resident students.

New students 18 years of age or older are not required to be accompanied by a parent when enrolling. When residing with a parent, these students are encouraged to include the parents in the enrollment process. When conducting themselves in school, adult students have the responsibilities of both student and parent.

In addition, if a new student resides in the District with a grandparent and is the subject of a: (1) power of attorney designating the grandparent as the attorney-if-fact; or (2) a caretaker authorization affidavit executed by the grandparent that provides the grandparent with authority over the care, physical custody, and control of the child, including the ability to enroll the child in school, consent in all school related matters, and discuss with the District the child's educational progress, the student's grandparent may enroll the child in school on a tuition-free basis. However, in addition to the above-referenced documents that are typically required

for enrollment, the grandparent must provide the District with a duly executed and notarized copy of a power of attorney or caretaker authorization affidavit.

A student suspended or expelled by another public school in Ohio may be temporarily denied admission to the District's schools during the period of suspension or expulsion even if that student would otherwise be entitled to attend school in the District. Likewise, a student expelled or otherwise removed for disciplinary purposes from a public school in another state and the period of expulsion or removal has not expired may be temporarily denied admission to the District's schools during the period of expulsion or removal or until the expiration of the period of expulsion or removal which the student would have received in the District had the student committed the offense while enrolled in the District. Prior to denying admission, however, the Superintendent shall offer the student an opportunity for a hearing to review the circumstances of the suspension or expulsion and any other factors the Superintendent determines to be relevant.

If a student has been recently discharged or released from the custody of the Department of Youth Services (DYS) and is seeking admittance or re-admittance into the District, the student will not be admitted until the following records, which are required to be released by DYS to the Superintendent, have been received:

A. an updated copy of the student's transcript;
B. a report of the student's behavior while in DYS custody;
C. the student's current IEP, if one has been developed for the child; and
D. a summary of the instructional record of the child's behavior.

SCHEDULING AND ASSIGNMENT

Elementary Level

The Principal will assign each student to the appropriate classroom and program. Any questions or concerns about the assignment should be discussed with the Principal.

Secondary Level

Schedules are provided to each student at the beginning of the school year or upon enrollment. Schedules are based on the student's needs and available class space. Any changes in a student's schedule should be handled through the Guidance Counselor. Students may be denied course enrollment due to lack of available space or the need for the student to pass prerequisite courses. Students are expected to follow their schedules. Any variation must be approved with a pass or schedule change.

LATE ARRIVAL/EARLY DISMISSAL

Students must report to the School Office upon late arrival or early dismissal to sign in or out of school. No student may leave the school prior to dismissal time without parent or legal guardian either submitting a signed written request or coming to the School Office to personally request the release. That personal request can be made prior to the student signing out of school. No student will be released to a person other than a custodial parent(s) or guardian, or adult specified on the emergency medical form without a written permission note signed by the custodial parent(s) or guardian. Students are not allowed to use telephones to call parents to receive permission to leave school. Office personnel will initiate all calls on behalf of a student seeking permission to leave school.

WITHDRAWAL/TRANSFER FROM SCHOOL

No student under the age of eighteen (18) is allowed to withdraw from school without the written consent of his/her parents and in compliance with State law. A student who otherwise withdraws from school shall be reported to the juvenile judge of the county and to the Bureau of Motor Vehicles for suspension of their driver's license, if s/he is under the age of 18.

Parents must notify the Principal about plans to transfer their child to another school. School records, including disciplinary records of suspension and expulsion, will be transferred to the new school within five (5) days of the parents' notice or request, except as permitted by law. (See Board Policy 8330 – Student Records.

IMMUNIZATIONS

In order to safeguard the school community from the spread of certain communicable diseases and in recognition that prevention is a means of combating the spread of disease, the District requires all students to be immunized (or in the process of being immunized) against poliomyelitis, measles (aka rubeola), diphtheria, rubella (German measles), pertussis, tetanus, mumps, and other diseases legally designated in accordance with State statutes, unless specifically exempt for medical or other reasons. The Board further requires that students enrolled in grades seven (7) through twelve (12) be immunized against meningococcal disease. For the safety of all students, the school principal may remove a student from school or establish a deadline for meeting State requirements if a student does not have the necessary immunizations or authorized exemption. In the event of a chicken pox epidemic, the Superintendent may temporarily deny admission to a student otherwise exempted from the chicken pox immunization requirement. Any questions about immunizations or exemptions should be directed to the school nurse.

EMERGENCY MEDICAL AUTHORIZATION

A complete Emergency Medical Authorization Form must be on file with the School in order for a student to participate in any activity off school grounds, including field trips, spectator trips, athletic and other extracurricular activities, and co-curricular activities. The Emergency Medical Authorization form is provided at the time of enrollment or at the beginning of the school year.

USE OF MEDICATIONS

Before any prescribed medication or treatment may be administered to any student during school hours, the Board shall require the written prescription and instructions from the child's physician accompanied by the written authorization of the parent. Both must also authorize any self-medication by the student.

In those circumstances where a student must take prescribed medication during the school day, the following guidelines are to be observed:

A. Parents should, determine with the counsel of their child's prescriber whether the medication schedule can be adjusted to avoid administering medication during school hours.
B. The appropriate form must be filed with the respective building principal before the student will be allowed to begin taking any medication during school hours or to use an inhaler to self-administer asthma medication. Such forms must be filed annually and as necessary for any change in the medication.
C. All medications must be registered with the Principal's Office and must be delivered to school in the original containers in which they were dispensed by the prescribing physician or licensed pharmacist, labeled with the date, the student's name, and the exact dosage to be administered.
D. Medication that is brought to the office will be properly secured. Except as noted below, medication must be delivered to the Principal's Office by the student's parent or guardian or by another responsible adult at the parent or guardian's request. This should be arranged in advance. Except as noted below, students may not bring medication to school. Students may carry emergency medications for allergies and/or reactions, or asthma inhalers during school hours provided the student has written permission from a parent or physician and has submitted the proper forms. In the case of epinephrine autoinjectors ("epi pens"), in addition to written permission and submission of proper forms, the parent or student must provide a back up dose to the school nurse. Students are strictly prohibited from transferring emergency medication, epi pens, or inhalers to any other student for their use or possession.

   If, for supportable reasons, the Principal wishes to discontinue the privilege of a student self-administering a medication, except for the possession and use of asthma inhalers, the parent(s) shall be notified of the decision in sufficient time for an alternative means of administration to be established.
E. Any unused medication unclaimed by the parent will be destroyed by school personnel when a prescription is no longer to be administered or at the end of a school year.
F. The parents shall have sole responsibility to instruct their child to take the medication at the scheduled time.
G. The principal will maintain a log noting the personnel designated to administer medication, as well as the date and the time of day that administration is required. This log will be maintained along with the prescriber's written request and the parent's written release.

NONPRESCRIBED (OVER-THE-COUNTER) MEDICATIONS

No staff member will dispense nonprescribed, over-the-counter (OTC) medication to any student without prior parent authorization. Parents may authorize administration of a nonprescribed medication on forms that are available from the Nurse's Office and on File Forms. Physician authorization is not required in such cases.

By written notice, parents may also authorize that their child may keep "certain" nonprescribed medication in their possession with Nurse approval and parental permission. This should be arranged in advance.

If a student is found using or possessing a nonprescribed medication without parent authorization, the student will be brought to the School office while the student's parents are contacted for authorization. The medication will be confiscated until written authorization is received.

Any student who distributes medication of any kind or who is found in possession of unauthorized medication is in violation of the School's Code of Conduct and will be disciplined in accordance with the drug-use provision of the Code.

Students may possess a drug prescribed to the student to prevent the onset of a seizure or to alleviate the symptoms of a seizure, provided that the student has prior written approval from the student's physician, and if the student is a minor, the written approval of the student's parent or guardian (Form 5330 F5 - Authorization for the Possession and Use of Seizure Medications). Copies of the written approvals must be provided to the Principal and any school nurse assigned to the building.

Students shall be permitted to possess and self-administer over-the counter topical sunscreen products while on school property or

at a school-sponsored event.

A student may possess and use a metered dose inhaler or a dry powder inhaler to alleviate asthmatic symptoms or before exercise to prevent the onset of asthmatic symptoms, at school or at any activity, event, or program sponsored by or in which the student's school is a participant if the appropriate form is completed and on file in the Principal's Office.

A student who is authorized to possess and use a metered dose or dry powder inhaler may not transfer possession of any inhaler or other medication to any other student.

CONTROL OF CASUAL-CONTACT COMMUNICABLE DISEASES

Because a school has a high concentration of people, it is necessary to take specific measures when the health or safety of the group is at risk. The School's professional staff may remove or isolate a student who has been ill or has been exposed to a communicable disease or highly-transient pest, such as lice.

Specific communicable diseases include diphtheria, scarlet fever, strep infections, whooping cough, mumps, measles, rubella, and other conditions indicated by the Local and State Health Departments.

Any removal will be limited to the contagious period as specified in the School's administrative guidelines.

CONTROL OF NONCASUAL-CONTACT COMMUNICABLE DISEASES

The School District has an obligation to protect staff and students from noncasual-contact communicable diseases. When a noncasual-contact communicable disease is suspected, the student's health will be reviewed by a panel of resource people, including the County Health Department. The School will protect the privacy of the person affected and those in contact with the affected person. Students and staff will be permitted to remain in school unless there is definitive evidence to warrant exclusion.

Noncasual-contact communicable diseases include sexually transmitted diseases, AIDS, ARC-AIDS Related Complex, HIV, Hepatitis B, and other diseases that may be specified by the State Board of Health.

As required by Federal law, parents will be requested to have their child's blood checked for HIV and HBV when the child bleeds at school and students or staff members are exposed to the blood. Any testing is subject to laws protecting confidentiality.

CONTROL OF BLOOD-BORNE PATHOGENS

The School District seeks to provide a safe educational environment for students and take appropriate measures to protect those students who may be exposed to blood-borne pathogens in the school environment and/or during their participation in school-related activities. While the risks of students being exposed to blood-borne pathogens may be low, students must assume that all body fluids are potentially infectious and must take precaution to follow universal procedures in order to reduce such risks and minimize and/or prevent the potential for accidental infection.

Students may be exposed to blood-borne pathogens in situations, including, but not limited to the following:

- Engaging in activities with other students in the school environment (e.g., physical education class) where physical injuries or other actions that can cause bleeding or exposure to saliva and other body fluids may occur.
- Working with equipment in the school environment that can cause cuts or similar injuries that produce bleeding.
- Participating in extracurricular activities (i.e., athletic activities) where physical injuries or other actions that can cause bleeding may occur.

Whenever a student has contact with blood or other potentially infectious material, s/he must immediately notify his/her teacher, who will contact the school nurse and assist the student in completing the requisite documents (e.g., Form 8453.02 F1 - Exposure Report).

The parents of a student who is exposed will be contacted immediately regarding the exposure and encouraged to have the student's blood tested for Hepatitis B and HIV either by the student's physician or local hospital/health service. The student's parents are encouraged to consult with the student's physician concerning any necessary post-exposure treatment.

The student's parent will also be asked to provide a copy of the test results and any post-exposure treatment for maintenance in the student's educational record in accordance with the Federal and State laws concerning confidentiality.

The parents of the student who caused the exposure will also be contacted immediately and advised to have the student's blood tested for Hepatitis B and HIV virus either in cooperation with the student's physician or local hospital/health service.

The student's parents will be asked to provide a copy of the test results for maintenance in the student's educational record in

accordance with Federal and State laws concerning confidentiality.

The student's parents will be encouraged to allow the District to release their child's name to the exposed student's parents, in the event serious health issues are presented as a result of the exposure.

STUDENTS WITH DISABILITIES

The Americans with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act (Section 504) prohibit discrimination against persons with a disability in any program receiving Federal financial assistance. This protection applies not just to students, but to all individuals who have access to the District's programs and facilities.

The laws define a person with a disability as anyone who:

A. has a mental or physical impairment that substantially limits one (1) or more major life activities;
B. has a record of such an impairment; or
C. is regarded as having such an impairment.

The District has specific responsibilities under these two (2) laws, which include identifying, reviewing and, if the child is determined to be eligible, affording access to appropriate educational accommodation.

Additionally, in accordance with State and Federal mandates, the District seeks out, assesses, and appropriately services students with disabilities. Staff members use a comprehensive child study process to systematically screen, assess, and, if appropriate, place students in special education and related services. Students are entitled to a free appropriate public education in the "least restrictive environment."

A student can access special education and related services through the proper evaluation procedures. Parent involvement in this procedure is important and required by Federal (IDEIA), A.D.A. Section 504) and State law. Contact Superintendent at 937-996-6261 to inquire about evaluation procedures, programs, and services.

The District is committed to identifying, evaluating, and providing a free appropriate public education (FAPE) to students within its jurisdiction who have a physical or mental impairment that substantially limits one or more major life activities, regardless of the nature or severity of their disabilities.

HOMELESS STUDENTS

Homeless students will be provided with a free and appropriate public education in the same manner as other students served by the District. Homeless students are eligible to receive transportation services, participate in education programs for students with disabilities or limited English proficiency, participate in gifted and talented programs, and receive meals under school nutrition programs. Homeless students will not be denied enrollment based on lack of proof of residency. For additional information contact the liaison for Homeless Students at 937-996-6261.

CHILDREN AND YOUTH IN FOSTER CARE

Students who meet the Federal definition of "in foster care", including those who are awaiting foster care placement, will be provided a free appropriate public education (FAPE) in the same manner as all other students of the District. For additional information, see Board Policy 5111.03 - Children and Youth in Foster Care.

PROTECTION AND PRIVACY OF STUDENT RECORDS

The School District maintains many student records including both directory information and confidential information. The Board designates as student directory information: a student's name; address; telephone number; date and place of birth; major field of study; participation in officially-recognized activities and sports; height and weight, if a member of an athletic team; dates of attendance; date of graduation; and/or awards received.

Please see Policy 8330 – Student Records for more information.

Directory information can be provided upon request to any individual, other than a for-profit organization, even without the written consent of a parent. Parents may refuse to allow the Board to disclose any or all "directory information" upon written notification to the Board. For further information about the items included within the category of directory information and instructions on how to prohibit its release, you may consult the Board's annual *Family Education Rights and Privacy Act* (FERPA) notice which can be found at policy 5111.01.

Other than directory information, access to all other student records is protected by FERPA and Ohio law. Except in limited circumstances as specifically defined in State and Federal law, the School District is prohibited from releasing confidential education

records to any outside individual or organization without the prior written consent of the parents, or the adult student, as well as those individuals who have matriculated and entered a postsecondary educational institution at any age. The Board will provide access or release directory information to armed forces recruiters unless the parent or student request that prior written consent be obtained. See Form 8330 F13.

Confidential records include test scores, psychological reports, behavioral data, disciplinary records, and communications with family and outside service providers.

Students and parents have the right to review and receive copies of all educational records. Costs for copies of records may be charged to the parent. To review student records please provide a written notice identifying requested student records to building principal. You will be given an appointment with the appropriate person to answer any questions and to review the requested student records.

Parents and adult students have the right to amend a student record when they believe that any of the information contained in the record is inaccurate, misleading or violates the student's privacy. A parent or adult student must request the amendment of a student record in writing and if the request is denied, the parent or adult student will be informed of his/her right to a hearing on the matter.

Consistent with the Protection of Pupil Rights Amendment (PPRA), no student shall be required, as a part of the school program or the District's curriculum, without prior written consent of the student (if an adult, or an emancipated minor) or, if an unemancipated minor, his/her parents, to submit to or participate in any survey, analysis, or evaluation that reveals information concerning:

A. political affiliations or beliefs of the student or the student's parents;
B. mental or psychological problems of the student or the student's family;
C. sex behavior or attitudes;
D. illegal, anti-social, self-incriminating or demeaning behavior;
E. critical appraisals of other individuals with whom respondents have close family relationships;
F. legally recognized privileged and analogous relationships, such as those of lawyers, physicians, and ministers;
G. religious practices, affiliations, or beliefs of the student or the student's parents; or
H. income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program).

Consistent with the PPRA and Board policy, parents may inspect any materials used in conjunction with any such survey, analysis, or evaluation. Please contact building principal to inspect such materials.

Further, parents have the right to inspect, upon request, a survey or evaluation created by a third party before the survey/evaluation is administered or distributed by the school to the student. The parent will have access to the survey/evaluation within a reasonable period of time after the request is received by the principal.

The Superintendent will notify parents of students in the District, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when the following activities are scheduled or expected to be scheduled:

A. activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information or otherwise providing that information to others for that purpose); and
B. the administration of any survey by a third party that contains one or more of the items described in A through H above.

The Family Policy Compliance Office in the U.S. Department of Education administers both FERPA and PPRA. Parents and/or eligible students who believe their rights have been violated may file a complaint with:

Family Policy Compliance Office / U.S. Department of Education / 400 Maryland Avenue, SW 20202-4605 / Washington, D.C. / www.ed.gov/offices/OM/fpco

Informal inquiries may be sent to the Family Policy Compliance Office via the following email addresses: FERPA@ED.Gov; and PPRA@ED.Gov.

STUDENT FEES AND FINES

Students will be provided necessary textbooks for courses of instruction without cost. In accordance with State law, TVSD charges specific fees for activities and materials used in the course of instruction.

Please visit for school fees - https://www.tri-village.k12.oh.us/tri-villageelementaryschool_home.aspx

Charges may also be imposed for loss, damage or destruction of school apparatus, equipment, musical instruments, library

materials, textbooks, and for damage to school buildings or property. Students using school property and equipment can be fined for excessive wear and abuse of the property and equipment.

Students can avoid late fines by promptly returning borrowed materials.

Failure to pay fines, fees, or charges may result in the withholding of grades and credits.

STUDENT FUND-RAISING

Students participating in school-sponsored groups and activities may solicit funds from other students, staff members, and members of the community in accordance with school guidelines. Crowdfunding activities are governed by Policy and Admin. Guideline 6605, please see for more information.

Students may not sell any item or service in school without the prior approval of the Principal. Violation of this policy may lead to disciplinary action.

MEAL SERVICE

The Board believes the development of healthy behaviors and habits with regard to eating cannot be accomplished by the District alone. It will be necessary for the school staff, in addition to parents and the public at large, to be involved in a community-wide effort to promote, support, and model such healthy behaviors and habits. Parents interested in being involved should contact the building principal or food services supervisor.

The School participates in the National School Lunch Program and makes lunches available to students for a fee of $2.65 for PK-5th grade and $2.75 for 6th-12th grade. Ala carte items are available. Students may also bring their own lunch to school to be eaten in the School's cafeteria. No student may leave school premises during the lunch period without specific written permission from the Principal. For information regarding meal charging procedures, see Policy 8500 and AG 8500D.

Applications for the School's Free and Reduced-Priced Meal program are distributed to all students on final forms. If a student does not receive an application form and believes s/he is eligible, contact Food Service Supervisor.

FIRE, TORNADO, AND SAFETY DRILLS

The School complies with all fire safety laws and will conduct fire drills in accordance with State law. The School conducts tornado drills during the tornado season following procedures prescribed by the State. Teachers will provide specific instructions on how to proceed in the case of fire or tornado and will oversee the safe, prompt, and orderly evacuation of the building in such cases.

Safety drills will be conducted during the school year. Teachers will provide specific instruction on the appropriate procedures to follow in situations where students must be secured in their building rather than evacuated. These situations can include a terrorist threat, a person in possession of a deadly weapon on school property, or other acts of violence.

EMERGENCY CLOSING AND DELAYS

If the School must be closed or the opening delayed because of inclement weather or other conditions, the School will provide notice of such closing or delay by:

B. Parents will be notified of school closings or delays via a pre-recorded telephone message delivered to the phone number on file.

Parents and students are responsible for knowing about emergency closings and delays.

VIRTUAL EDUCATION DELIVERY

The School is authorized to enact a plan for a virtual education delivery model in order to make up hours in the school year on which it is necessary to close school due to disease, epidemic, hazardous weather conditions, law enforcement emergencies, inoperability of school buses or other equipment necessary to the school's operation, damage to a school building, or other temporary circumstances due to utility failure rendering the school building unfit for use.

PREPAREDNESS FOR TOXIC AND ASBESTOS HAZARDS

The School is concerned for the safety of students and attempts to comply with all Federal and State Laws and Regulations to protect students from hazards that may result from industrial accidents beyond the control of school officials or from the presence of asbestos materials used in previous construction. A copy of the School District's *Preparedness for Toxic Hazard and Asbestos Hazard Policy* and asbestos management plan is available for inspection at the Board offices upon request.

VISITORS

Visitors, particularly parents, are welcome at the School. Visitors must report to the office upon entering the School to sign in and obtain a pass. Any visitor found in the building without signing in and a pass shall be reported to the Principal. If a person wishes to confer with a member of the staff, the person should call for an appointment prior to coming to the School in order to schedule a mutually convenient meeting time. Students may not bring visitors to school without prior written permission from the Principal.

Telephones are available in the School for students to use when they are not in class. Students are not to use telephones to call parents to receive permission to leave school. Office personnel will initiate all calls on behalf of a student seeking permission to leave school.

USE OF PERSONAL COMMUNICATION DEVICES

The Board of Education is committed to providing educational environments that support students fully engaging with classmates, teachers, and instruction. Use of personal communication devices ("PCD") (this term shall also include an "electronic communication device" as referenced in R.C. 3313.753) shall be prohibited during the instructional day in accordance with this policy and the Student Code of Conduct.

The term Personal Communication Device ("PCD") is defined in Bylaw 0100 - Definitions.

Nothing in this policy prohibits a student from using a PCD in accordance with the student's individualized education plan ("IEP") or Section 504 plan. The Board shall also permit a student to use a PCD to monitor or address a health concern if the Board receives

a written statement from the student's physician requiring such use. Additionally, students may use school phones to contact parents/guardians during the school day, depending upon the exigencies of the situation, the location of the students, and the location of the PCD during an active threat or emergency in accordance with the protocol outlined in the Board-adopted emergency management plan.

Students are prohibited from using a PCD except:

A. when the Principal authorizes a student to use a PCD for educational purposes during instructional time;
B. as authorized by a supervising adult during school-related events and functions (e.g., after-school activities, extracurricular activities); or
C. while riding in school vehicles. (Distracting behavior that creates an unsafe environment, failure to follow instructions of a bus driver, or any other violation of the Student Code of Conduct related to PCD use shall not be tolerated and may result in the loss of use of the PCD while in a school vehicle as well as discipline when appropriate.)

Please see board Policy 5136 and 5136.01 in its entirety.

"Sexting" is prohibited at any time on school property or at school functions. Sexting is the electronic transmission of sexual messages or pictures, usually through cell phone text messaging. Such conduct not only is potentially dangerous for the involved students, but can lead to unwanted exposure of the messages and images to others, and could result in criminal violations related to the transmission or possession of child pornography. Such conduct will be subject to discipline and possible confiscation of the PCD.

ADVERTISING OUTSIDE ACTIVITIES

No announcements or posting of outside activities will be permitted without the approval of the Principal. A minimum of twenty-four (24) hours advance notice is required to ensure that the Principal has the opportunity to review the announcement or posting.

SECTION II – ACADEMICS

COURSE OFFERINGS

Please visit the Guidance Departments website for all course offerings.

FIELD TRIPS

Field trips are academic activities that are held off school grounds. There are also other trips that are part of the School's co-curricular and extra-curricular program. No minor student may participate in any school-sponsored trip without parental consent and a current emergency medical form on file in the office. Medications normally administered at school will be administered while on field trips. The Student Code of Conduct applies to all field trips.

Attendance rules apply to all field trips. While the District encourages students to participate in field trips, alternative assignments will be provided for any student whose parent does not give permission for the student to attend. Students who violate school rules may lose the privilege to go on field trips.

GRADES

TVSD has a standard grading procedure, as well as additional notations that indicate work in progress or incomplete work. Grades indicate the extent to which the student has acquired and demonstrated the necessary learning. In general, students are assigned grades based upon test results, homework, projects, and classroom participation. Each teacher may place a different emphasis on these areas when determining a grade and will so inform the students at the beginning of the course. If a student is not sure how his/her grade will be determined, s/he should ask the teacher.

The school applies the following grading system:

Kindergarten Grading Scale	**1st Grade Scale**	**2nd Grade Scale**

GRADING PERIODS
Students will receive a report card at the end of each nine week period indicating their grades for each course of study for that portion of the academic term.

When a student appears to be at risk of failure, reasonable efforts will be made to notify the parents so they can talk with the teacher about what actions can be taken to improve the student's performance.

PROMOTION, ACCERATION, AND RETENTION
Students and/or parents who are interested in student evaluation and consideration for whole grade or subject area acceleration or early high school graduation should contact the building principal and/or the student's guidance counselor. Parents who wish to have their child evaluated and considered for early admission to kindergarten should contact the building principal.
See Board Policy 5410 – Promotion, Academic Acceleration, Placement, And Retention and 5409 – Student Acceleration.

RECOGNITION OF STUDENT ACHIEVEMENT
Students who display significant achievements during the course of the year are recognized for their accomplishments. Areas that may merit recognition include, but are not limited to, academics, athletics, performing arts, citizenship, and volunteerism. Recognition for such activities is initiated by the staff and coordinated by the building principal.

HOMEWORK
Homework will be assigned. Student grades will reflect the completion of all work, including outside assignments. Homework is also part of the student's preparation for the assessment tests and graduation.

The following guidelines have been developed to assist principals in working with staff to establish appropriate homework assignments:

A. Homework should be a properly planned part of the curriculum to extend and reinforce the learning experience of the school and related to the classroom instruction.
B. Homework should help students learn by providing practice in the mastery of skills, experience in data gathering, integration of knowledge, and an opportunity to remediate learning problems.
C. Homework should help develop the student's sense of responsibility by providing an opportunity for the exercise of independent work and judgment.
D. The number, frequency, and degree of difficulty of homework assignments should be based on the ability and needs of the student and take into account other activities which make a legitimate claim on the student's time.
E. As a valid educational tool, homework should be assigned with clear direction, professional judgement, and its product carefully evaluated.
F. The schools should recognize the role of parents by suggesting ways in which parents can assist the school in helping a student carry out assigned responsibilities.
G. Homework should always serve a valid learning purpose; it should never be used as a punitive measure.

STUDENT TECHNOLOGY ACCEPTABLE USE AND SAFETY
The District provides Internet services to its students. The District's Internet system has a limited educational purpose, and has not been established as a public access service or a public forum. Student use of the District's computers, network, and Internet services/connection ("Network") are governed by the following principles and guidelines, and the Student Code of Conduct. Users have a limited privacy expectation in the content of their personal files and records of their online activity while on the Network.

Parents and students are advised that the Board may not be able to technologically limit access through the Board's Internet connection to only those services that have been authorized for the purpose of instruction, study, and research related to the curriculum. Because it serves as a gateway to any publicly available file server in the world, the Internet opens classrooms and students to electronic information resources that have not been screened by educators for use by students of various ages. The District utilizes a Technology Protection Measure, which is a specific technology that will protect against (e.g., filter or block) access to visual displays/depictions that are obscene, pornographic, and materials that are harmful to minors, as defined by the Children's Internet Protection Act. At the discretion of the Board or the Superintendent, the Technology Protection Measure may be configured to protect against access to other material considered inappropriate for students to access.

The District further utilizes software and/or hardware to monitor online activity of students to restrict access to child pornography and other material that is obscene, objectionable, inappropriate, and/or harmful to minors. Nevertheless, parents and guardians are advised that a determined user may be able to gain access to services on the Internet that are not authorized for educational purposes.

In fact, it is impossible to guarantee students will not gain access through the Internet to information and communications that they and/or their parents/guardians may find inappropriate, offensive, objectionable, or controversial. Parents/Guardians assume risks by consenting to allow their child to participate in the use of the Internet. Parents/Guardians of minors are responsible for setting and conveying the standards that their children should follow when using the Internet. The District supports and respects each family's right to decide whether to apply for independent student access to the Internet.

Students are encouraged to use the "Network" for educational purposes. Use of the Network is a privilege, not a right. When using the Network, students must conduct themselves in a responsible, efficient, ethical, and legal manner. Students are responsible for good behavior on the District's computers/network and the Internet just as they are in classrooms, school hallways, and other school premises and school-sponsored events. Communications on the Internet are often public in nature. General school rules for behavior and communication apply. Unauthorized or inappropriate use of the Network, including any violation of these rules, may result in cancellation of the privilege, disciplinary action consistent with the Student Code of Conduct, and/or civil or criminal liability. Prior to accessing the Network, students must sign the Student Network and Internet Acceptable Use and Safety Agreement. Parent permission is required for minors. Parents are encouraged to discuss their values with their children so that students can make decisions regarding their use of the Network that is in accord with their personal and family values, in addition to the Board's standards.

Students must complete a mandatory training session/program regarding the appropriate use of technology and online safety and security as specified in Board Policy 7540.03 – Student Technology Acceptable Use and Safety before being permitted to access the Network and/or being assigned an e-mail address.

Smooth operation of the Network relies upon users adhering to the following guidelines. The guidelines outlined below are not exhaustive but are provided so that users are aware of their general responsibilities.

A. Students are responsible for their behavior and communication on the Network.
B. Students may only access the Network by using their assigned Network account. Use of another person's account/address/password is prohibited. Students may not allow other users to utilize their account/address/password. Students may not go beyond their authorized access.
C. Students may not intentionally seek information on, obtain copies of, or modify files, data, or passwords belonging to other users, or misrepresent other users on the Network.
D. Students may not use the Network to engage in "hacking" or other illegal activities (e.g., software pirating; intellectual property violations; engaging in slander, libel, or harassment; threatening the life or safety of another; stalking; transmission of obscene materials or child pornography; fraud; sale of illegal substances and goods).
E. Transmission of any material in violation of any State or Federal law or regulation, or Board policy, is prohibited.
F. Any use of the Network for commercial purposes (e.g., purchasing or offering for sale personal products or services by students), advertising, or political lobbying is prohibited.
G. Use of the Network to engage in cyberbullying is prohibited. "Cyberbullying" involves the use of information and communication technologies such as e-mail, cell phone and pager text messages, instant messaging (IM), defamatory personal Websites or MySpace accounts, and defamatory online personal polling Websites, to support deliberate, repeated, and hostile behavior by an individual or group, that is intended to harm others." For further information on cycberbullying, visit http://www.cyberbullying.ca

   Cyberbullying includes, but is not limited to, the following:

   1. posting slurs or rumors or other disparaging remarks about a student or school staff member on a website or weblog;
   2. sending e-mail or instant messages that are mean or threatening, or so numerous as to drive up the victim's cell phone bill;
   3. using a camera phone to take and send embarrassing photographs/recordings of students or school staff members or post these images on video sharing sites such as You Tube;
   4. posting misleading or fake photographs of students or school staff members on websites.

   To the extent permitted by the First Amendment, instances of cyberbullying off school grounds that disrupt the school environment or interfere with the learning process will be considered violations of the Student Code of Conduct.

H. Students are expected to abide by the following generally-accepted rules of network etiquette:
   1. Be polite, courteous, and respectful in your messages to others. Use language appropriate to school situations in any communications made through the Network. Do not use obscene, profane, lewd, vulgar, rude, inflammatory, sexually explicit, defamatory, threatening, abusive, or disrespectful language in communications through the Network (including, but not limited to, public messages, private messages, and material posted on web pages).
   2. Do not engage in personal attacks, including prejudicial or discriminatory attacks.
   3. Do not harass another person. Harassment is persistently acting in a manner that distresses or annoys another person.

If a student is told by a person to stop sending the person messages, the student must stop.

4. Do not post information that, if acted upon, could cause damage or a danger of disruption.
5. Never reveal names, addresses, phone numbers, or passwords of yourself or other students, family members, teachers, administrators, or other staff members while communicating on the Internet. This prohibition includes, but is not limited to, disclosing personal identification information on commercial websites.
6. Do not transmit pictures or other information that could be used to establish your identity without prior approval of a teacher.
7. Never agree to get together with someone you "meet" online without parent approval and participation.
8. Check e-mail frequently and diligently delete old mail on a regular basis from the personal mail directory to avoid excessive use of the electronic mail disk space.
9. Students should promptly disclose to their teacher or other school employee any message they receive that is inappropriate or makes them feel uncomfortable, especially any e-mail that contains pornography. Students should not delete such messages until instructed to do so by a staff member.

I. Malicious use of the Network to develop programs that harass other users or infiltrate a computer or computer system and/or damage the software components of a computer or computing system is prohibited. Students may not use the Network in such a way that would disrupt its use by others. Students must avoid intentionally wasting limited resources. Students may not bypass or attempt to bypass the District's Technology Protection Measures. Students must immediately notify the teacher, principal, or technology coordinator if they identify a possible security problem. Students should not go looking for security problems, because this may be construed as an unlawful attempt to gain access.

J. All communications and information accessible via the Internet should be assumed to be private property (i.e. copyrighted and/or trademarked). All copyright issues regarding software, information, and attributions/acknowledgement of authorship must be respected. Rules against plagiarism will be enforced.

K. Downloading of information onto the Board's hard drives is prohibited, without prior approval from the technology coordinator If a student transfers files from information services and electronic bulletin board services, the student must check the file with a virus detection program before opening the file for use. Only public domain software may be downloaded. If a student transfers a file or software program that infects the Network with a virus and causes damage, the student will be liable for any and all repair costs to make the Network once again fully operational.

L. Students must secure prior approval from a teacher or the technology coordinator before joining a Listserv (electronic mailing lists) and should not post personal messages on bulletin boards or "Listservs."

M. Students are prohibited from accessing or participation in online “chat rooms” or other forms of direct electronic communication (e.g., instant messaging) (other than e-mail) without prior approval from a teacher. All such authorized communications must comply with these guidelines.

N. Privacy in communication over the Internet and the Network is not guaranteed. In order to verify compliance with these guidelines, the Board reserves the right to monitor, review, and inspect any directories, files, and/or messages residing on or sent using the Network. Messages relating to or in support of illegal activities will be reported to the appropriate authorities

O. Use of the Internet and any information procured from the Internet is at the student's own risk. The Board makes no warranties of any kind, either express or implied, that the functions or the services provided by or through the Network will be error-free or without defect. The Board is not responsible for any damage a user may suffer including, but not limited to, loss of data, service interruptions, or exposure to inappropriate material or people. The Board is not responsible for the accuracy or quality of information obtained through the Internet. Information (including text, graphics, audio, video, etc.) from Internet sources used in student papers, reports, and projects should be cited the same as references to printed materials. The Board will not be responsible for financial obligations arising through the unauthorized use of the Network. Students or parents of students will indemnify and hold the Board harmless from any losses sustained as the result of misuse of the Network by the student. Use of the Network by students will be limited to those students whose parents have signed a release of claims for damages against the Board.

P. File-sharing is strictly prohibited. Students are prohibited from downloading and/or installing file-sharing software or programs on the Network.

Q. Students may not establish or access web-based e-mail accounts on commercial services through the Network (e.g., Gmail, Hotmail, Yahoo mail, etc.).

R. Since there is no central authority on the Internet, each site is responsible for its own users. Complaints received from other sites regarding any of the District's users will be fully investigated and disciplinary action will be taken as appropriate.

S. Preservation of Resources and Priorities of Use: Computer resources are limited. Because space on disk drives and bandwidth across the lines which connect the Network (both internally and externally) are limited, neither programs nor information may be stored on the system without the permission of the _____. Each student is permitted reasonable space to store e-mail, web, and personal files. The Board reserves the right to require the purging of files in order to regain disk space. Students who require access to the Network for class- or instruction-related activities have priority over other users. Students not using the Network for class-related activities may be "bumped" by any student requiring access for class- or instruction-related purpose. The following hierarchy will prevail in governing access to the

Network:

1. Class work, assigned and supervised by a staff member.
2. Class work, specifically assigned but independently conducted.
3. Personal correspondence (checking, composing, and sending email).
4. Training (use of such programs as keyboarding tutors, etc.)
5. Personal discovery ("surfing the Internet").
6. Other uses – access to resources for "other uses" may be further limited during the school day at the discretion of the principal or IT Coordinator.

T. Game playing is not permitted at any time.

Students who fail to meet compliance standards in regards to proper use of district technology (internet, email, etc.) will be subject to disciplinary action in the following manner:

1. **Warning, meeting with Technology Coordinator**
2. **Limited access to district technology ("Penalty Box" time to be determined by administration)**
3. **Loss of access to district technology (to be determined by administration)**

TRANSMISSION OF RECORDS AND OTHER COMMUNICATIONS

Parents/Guardians have to complete and return to the District Form 8330 F4a in order to authorize the staff to communicate with the parent/guardian via facsimile and/or electronic mail ("e-mail"). Parents who elect to communicate with a staff member via e-mail are required to keep the District informed of any changes to their e-mail address.

STUDENT ASSESSMENT

Unless exempted, each student must pass all portions of the Ohio Graduation Test (OGT) as a requirement for graduation. The test will be administered twice a year until the student passes all parts of the test. Students are only required to retake those parts of the test they have not yet passed. While the School District does schedule make-up dates for testing, students should avoid unnecessary absences.

State testing dates will be on the schools website at https://www.tri-village.k12.oh.us/StudentsParents.aspx

Additional group tests are given to students to monitor progress and determine educational mastery levels. These test help the staff determine instructional needs.

Classroom tests are given to assess student progress and assign grades. These are selected or prepared by teachers to assess student achievement on specific objectives.

Career and interest surveys may be given to identify particular areas of student interests or talent. These are often given by the guidance staff.

College entrance testing information can be obtained from the Guidance Office.

By June 30th of each year, parents will be provided with the score of any State-mandated assessment or test administered to their student. Results will be sent via mail or email or, alternatively, will be posted to a secure portal that families can access on the District's or school's website.

PUBLIC SCHOOL CHOICE OPTIONS

If a school within the District has been designated as "persistently dangerous" as defined by State law, students have the right to transfer to another "safe" school in the District. If there is not another "safe" school in the District providing instruction at the students' grade level(s), the Superintendent shall contact neighboring districts and request that they permit students to transfer to a school in one of those districts. Further, if a student is a victim of a violent crime on school property, the student also has the right to transfer to another school in the District. If there is not another school in the District providing instruction at the student's grade level, the Superintendent shall contact neighboring districts and request that they permit that student to transfer to a school in one of those districts providing instruction at the student's grade level.

SECTION III – STUDENT ACTIVITIES

SCHOOL-SPONSORED CLUBS AND ACTIVITIES

TVLSD provides students the opportunity to broaden their learning through curricular-related activities. A curricular-related activity may be taken for credit, required for a particular course, and/or contain school subject matter.

The Board authorizes the following student groups that are sponsored by a staff member. *Please visit our school website for all*

activities.

Extra-curricular activities do not reflect the School curriculum, but are made available to students to allow them to pursue additional worthwhile activities such as recreational sports, drama, and the like.

All students are permitted to participate in the activities of their choosing, as long as they meet the eligibility requirements. Participation in these activities is a privilege and not a right, and students may be prohibited from all or part of their participation in such activities by authorized school personnel without further notice, hearing and/or appeal rights in accordance with Board Policy 5610.05.

NONSCHOOL-SPONSORED CLUBS AND ACTIVITIES

Nonschool-sponsored student groups may meet in the school building during noninstructional hours. The application for permission to use school facilities can be obtained from the Principal. The applicant must verify that the activity is being initiated by students, that attendance is voluntary, that no school staff person is actively involved in the event, that the event will not interfere with school activities, and that nonschool persons do not play a regular role in the meeting. All school rules relating to student conduct and equal opportunity to participate apply to such activities.

Membership in any fraternity, sorority, or other secret society as proscribed by law is not permitted. All groups must comply with School rules and must provide equal opportunity to participate.

No nondistrict-sponsored organization may use the name of the school or school mascot on any materials or information.

STUDENT ATTENDANCE AT SCHOOL EVENTS

Students are encouraged to attend as many after-school events as possible, without interfering with their school work and home activities. Enthusiastic spectators help to build school spirit and encourage those students participating in the event.

It is strongly advised that students attending evening events as nonparticipants be accompanied by a parent or adult chaperone. The Board is not responsible for supervising unaccompanied students nor will it be responsible for students who arrive without an adult chaperone.

SECTION IV – STUDENT CONDUCT

ATTENDANCE

The educational program offered by this District is predicated upon the presence of the student and requires continuity of instruction and classroom participation. Attendance shall be required of all students enrolled in the schools during the days and hours that the school is in session or during the attendance sessions to which a student has been assigned.

A student in grades 9 through 12 may be considered a full-time equivalent student provided the student is enrolled in at least five (5) units of instruction, as defined by State law, per school year.

In accordance with statute, the Superintendent shall require, from the parent of each student of compulsory school age or from an adult student who has been absent from school or from class for any reason, a written statement of the cause for such absence. The Board of Education reserves the right to verify such statements and to investigate the cause of each single absence or prolonged absence.

The Board considers the following factors to be reasonable excuses for time missed at school:

A. personal illness (a written physician's statement verifying the illness may be required);
B. appointment with a health care provider;
C. illness in the family necessitating the presence of the child;
D. quarantine of the home;
E. death in the family;
F. necessary work at home due to absence or incapacity of parent(s)/guardian(s);
G. attendance at a driver's education course for up to two (2) hours on no more than four (4) days (limited to a total of eight (8) hours during the school year), provided that the absence does not occur during a core curriculum subject course;
H. religious expression days, up to three (3) of which may, after approval by the principal in accordance with this policy, permit the student to be absent without any academic penalty;
I. out-of-state travel (up to a maximum of twenty-four (24) hours per school year that the student's school is open for instruction) to participate in a District-approved enrichment or extracurricular activity;
   Any classroom assignment missed due to the absence shall be completed by the student.
   If the student will be absent for twenty-four (24) or more consecutive hours that the student's school is open for instruction, a classroom teacher shall accompany the student during the travel period to provide the student with

instructional assistance.

J. such a good cause as may be acceptable to the Superintendent;
K. medically necessary leave for a pregnant student in accordance with Policy 5751;
L. service as a precinct officer at a primary, special, or general election in accordance with the program set forth in Policy 5725;
M. college visitation;
   The District requires verification of the date and time of the visitation by the college, university, or technical college.
N. absences due to a student's placement in foster care, or a change in foster care placement, or any court proceedings related to their foster care status;
O. absences due to a student being homeless.

Attendance need not always be within the school facilities, but a student will be considered to be in attendance if present at any place where school is in session by authority of the Board.

The Board shall consider each student assigned to a program of other guided learning experiences to be in regular attendance for the program provided that the student reports to such staff member the student is assigned for guidance at the place in which the student is conducting study, and regularly demonstrates progress toward the objectives of the course of study.

The Superintendent may excuse a student over fourteen (14) years of age from attendance at school for a future limited period for the purpose of performing essential work directly or exclusively for the student's parents or guardians. Such excuse should not exceed five (5) days and may at the discretion of the Superintendent be renewed for five (5) additional days. At no time, however, shall such excuse cause a student to be absent from school for a period of more than ten (10) consecutive days.

At the discretion of the Superintendent, a student may be excused for a longer period of time than ten (10) days if a child's parent or guardian has recently died or become totally or partially incapacitated and there is no older brother or sister living in the home who is out of school. (The Superintendent may request a certificate of a physician attesting to the physical condition of the parent or guardian.)

Attendance shall be taken at the beginning of every block/period in buildings with block/period-based scheduling. Absences from a class block/period shall be accounted for to the nearest full hour.

Attendance shall be taken at the commencement of the school day in buildings with non-period-based schedules. Attendance for students arriving late or leaving early must be tracked and recorded to the nearest full hour.

Contacting the Parent/Guardian of an Absent Student

When a parent, guardian, or other person having care of a student has failed to initiate a telephone call or other communication notifying the school or building administration of the student's excused or unexcused absence within 120 minutes after the beginning of the school day, the attendance officer or designee for each school building shall make at least one (1) attempt to contact the parent, guardian, or other person having care of any student who is recorded as absent without legitimate excuse within 120 minutes after the beginning of each school day by a method designated by the Superintendent in accordance with Ohio law (see AG 5200).

A student may have an excused absence for medical reasons, such as personal illness or a medical visit, subject to the following rules. A student may have up to ten (10) medically excused absences without a doctor’s note, but with a phone call from a parent/guardian. This policy will be extended beyond ten (10) days if the student or someone in the student’s family is in quarantine due to a recognized pandemic/epidemic (e.g., COVID-19) or experiencing symptoms of the pandemic/epidemic. A medical excuse for personal illness will be accepted in the form of a doctor’s note within five (5) school days of the absence or a parent call-in on the day of the absence due to illness or a doctor’s visit.

Attendance at a Driver’s Education Course

The District will excuse a high school student from school to attend a driver’s education course that is approved by the Director of Public Safety in accordance with Chapter 4508 of the Revised Code. The student may be absent for up to two (2) hours per day on no more than four (4) days during the school year (limited to a total of eight (8) hours), provided that the absence does not occur during a core curriculum subject course. The Board deems all graded courses to be core curriculum, including, but not limited to, courses that have State-approved learning standards. Days missed do not need to be consecutive.

Students who miss school to attend a driver’s education course are required to complete any missed classroom assignments.

Religious Expression Days
The Principal will approve up to three (3) religious expression days per school year after receiving a written request from the student's parent or guardian. Religious expression days may be used to take holidays for reasons of faith or religious or spiritual belief system, or participate in organized activities conducted under the auspices of a religious denomination, church, or other religious or spiritual organization. Students who are absent on approved religious expression days will not face any academic penalties and will be provided with academic accommodations with regard to examinations and other academic requirements that are missed.

To receive accommodations for religious expression days, parents or guardians must submit written requests to the Principal within fourteen (14) days after the start of the school year or fourteen (14) days after a student is enrolled in the District. The requests must specify the religious expression day(s) to be approved. The Principal will approve the days without inquiring into the sincerity of a student's religious or spiritual belief system. However, the Principal may verify the authenticity of a request by contacting the parent or guardian to confirm that they signed it. The Principal may deny the request for religious expression days if the parent or guardian indicates that the signature is not authentic. Once the days have been approved, the Principal will ensure that each teacher schedules a time and date for alternative examinations or other academic requirements that conflict with the student's absence. Students may participate in interscholastic athletics or other extracurricular activities on days in which the student is absent for religious expression.

The District has adopted the following procedure for a student, parent, or guardian to notify the District of any grievance with regard to the implementation of this policy. A grievance must be submitted in writing to the Superintendent. The Superintendent will review the grievance and issue a written determination of whether the policy has been violated. The decision of the Superintendent is final and not subject to further appeal.

The District will notify parents and guardians annually about this policy and the procedures that they must follow to request accommodations for religious expression days.

The policy will be placed in a prominent location on the District's website and will include the contact information for an individual who can provide further information about the policy. The District will also publish a non-exhaustive list of major religious holidays, festivals, and religious observations as published by the State Superintendent, for which an absence will not be unreasonably withheld or denied. The list will be provided whenever the policy is posted, printed, or distributed, and will be accompanied by a statement that declares the list is non-exhaustive and may not be used to deny accommodations to a student for a holiday, festival, or observation that is not included in the list. Nothing in this policy, and no inclusion or exclusion of a religious holiday or festival on the list posted by a District, shall preclude a student from full and reasonable accommodations for any sincerely held religious beliefs and practices with regard to all examinations or other academic requirements and absences for reasons of faith or religious or spiritual belief system.

Parent Notification of Excessive Absences
When a student of compulsory school age is absent from school in excess of thirty-eight (38) or more hours, the District or school shall notify the child's parent or guardian of the child's absence, in writing. Written notice will be sent within seven (7) school days after the date of the absence that triggered the notice requirement. At the same time written notice is given, any appropriate intervention strategy listed in this policy may be taken.

Habitually Truant
A student will be considered habitually truant if the student is of compulsory school age and absent without a legitimate excuse for thirty (30) or more consecutive hours, for forty-two (42) or more hours in one (1) school month, or for seventy-two (72) or more hours in one (1) school year.

Legitimate excuses for the absence of a student who is otherwise habitually truant include, but are not limited to:

A. The student was enrolled in another school district;
B. The student was excused from attendance in accordance with R.C 3321.04; or
C. The student has received an age and schooling certificate.

The District's attendance officer shall file a complaint in the juvenile court against any student who is habitually truant unless the District or the student's school determines that the student and the student's family are making satisfactory progress in improving the student's attendance at school. If no determination of progress is made, or if the school determines that the student and the student's family have ceased to continue making progress in improving the student's attendance, the attendance officer shall proceed to file a complaint in juvenile court against the student. The complaint will allege that the child is unruly for being habitually truant, and the parent, guardian, or other person having care of the child has violated Revised Code 3321.38.

If a student who is habitually truant violates the order of a juvenile court regarding the student's prior adjudication as an unruly child for being a habitual truant, the student may further be adjudicated as a delinquent child.

Tiered System of More Intensive Interventions and Supports

The District implements a tiered system of interventions and supports for students to increase attendance. The system is designed to provide resources to students and their families to address the root cause of student absences. More intensive interventions and support are provided to students with a greater number of absences.

Intervention Strategies
The term "chronically absent" means that a student has missed at least ten percent (10%) of the minimum number of hours required in the school year. In order to address the attendance practices of students and prevent students from becoming chronically absent, the District will implement one (1) or more of the following intervention strategies:

A. provide counseling to the student;
B. request or require the student's parent to attend a parental involvement program;
C. request or require a parent to attend a truancy prevention mediation program;
D. take appropriate legal action;
E. assign the student to an alternative school.

Students shall not be suspended, expelled, or otherwise prevented from attending school because of the student's absences.

Absence Intervention Team
The District will establish at least one (1) absence intervention team ("AIT") in each school building. The AIT will work with students at risk of becoming chronically absent and their families to improve the students' attendance. The Superintendent will develop administrative guidelines that address AIT membership, criteria for when the AIT will work with students and families, and strategies and resources that may be utilized by the AIT to improve school attendance.

Educational Program
The Superintendent is authorized to establish an educational program for parents of truant students, which is designed to encourage parents to ensure that their children attend school regularly. Any parent who does not complete the program is to be reported to law enforcement authorities for parental education neglect, a fourth-class misdemeanor if found guilty.

This policy was developed after consultation with the judge of the juvenile court of Darke County, with the parents, guardians, or other persons having care of the students attending school in the District, and with appropriate State and local agencies. The policy aligns with District and school improvement plans developed pursuant to State and Federal law.

Tracking Remote Attendance
Consistent with the District's remote learning plan (e.g., Blended Learning, Online Learning, etc.), the District will provide a variety of instruction models, including both teacher-led remote learning and self-directed remote learning.

Student attendance in teacher-led remote learning (synchronous web-based instruction) shall be tracked in the same manner as hourly, in-person instruction. Teachers shall determine hourly attendance by evidence of student login and logoff data.

In addition to the reasons listed at the beginning of this policy, absences from teacher-led remote learning (synchronous web-based instruction) may be considered excused under the following circumstances, with notice from a parent/guardian:

A. temporary internet outage for individual students or households;

B. unexpected technical difficulties for individual students or households, such as password resets or software upgrades occurring during a teacher-led remote learning lesson;
C. computer/device malfunction;
D. malfunction of a District-owned device for which the District is providing technical assistance, repair, or replacement.

Attendance in self-directed remote learning (asynchronous) shall be tracked by evidence of participation, which may include, but is not limited to:

A. daily logins to learning management systems;
B. daily interactions with the teacher to acknowledge attendance, which may include, but are not limited to, messages, emails, telephone calls, video chats, or other formats that enable teachers to engage with students; and
C. assignment completion.
The teacher will determine the number of hours a typical student would take to complete an assignment and report those

hours of attendance when the assignment is completed. A teacher may adjust the number of hours of attendance based on the length of time the student actually spent on the assignment, as reported by the student, parent, or other person with knowledge.

Extracurricular Attendance
For extracurricular activities for both athletic and co-curricular you must either be in class by 9:37 a.m. (beginning of 3rd period) to participate in any evening activities or show proof with a physician's note that you had an appointment. This also includes practices. If you are not in school that day, you are not permitted to be in school after hours. If you have an appointment that day, you must present your excuse to the attendance secretary before going to any practices or games.

Notification of Absence
If a student will be absent, the parents must notify the School at (937) 996-1511 by 8:00 A.M. and provide an explanation. If prior contact is not possible, the parents should provide a written excuse as soon as possible after the student's absence. **When no excuse is provided**, the absence will be unexcused and the student will be identified as truant for that school day. If the offered excuse for a student's absence is questionable or if the number of student absences is excessive, the school staff will notify the parents of the need for improvement in the student's attendance.

A skipped class or part of the school day will be identified as an unexcused absence and students will **not** be permitted to make-up missed class work. The student will also be subject to disciplinary action.

Students with a health condition that causes repeated absences must provide the administration with an explanation of the condition from a registered physician.

Homebound Instruction
The School may arrange for individual instruction at home for students who are unable to attend school because of an accident, illness, or disability. Such instruction may be arranged upon receipt of documentation of the student's condition from a physician. For more information, contact the guidance department.

Make-up of Tests and Other School Work
Students who are absent from school with an excuse shall be given the opportunity to make-up missed work. The student should contact the office or their teachers as soon as possible to obtain assignments. The number of days for completion of makeup work will be equivalent to the number of excused days of absence.

If a student misses a teacher's test due to an excused absence, s/he may make arrangements with the teacher to take the test at another time. If s/he misses a State-mandated assessment test or other standardized test, the student should consult with the teacher to arrange for administration of the test at another time

Suspension from School
Absence from school due to suspension shall be considered an authorized absence.

A suspended student will be responsible for making up school work missed due to suspension. Assignments may be obtained from the building principal and teachers beginning with the first day of suspension. Make up of missed tests may be scheduled when the student returns from school.

The student must complete missed assignments during the suspension and turn them in to the teacher within 1 day after returning to school. The student will be given at least partial credit for properly-completed assignments and will receive a grade for any made-up tests.

Unexcused Absences
Any student who is absent from school for all or any part of the day without a legitimate excuse shall be considered truant and the student and his/her parents shall be subject to the truancy laws of the State. **(Please refer also to "Truancy" in this agenda or student/parent handbook.)** No credit shall be given for any schoolwork not completed as a result of truancy.

Tardiness
A student who is not in their assigned location by 8:10 am shall be considered tardy. Any student arriving late to school is to report to the School office before going to class.

Each student is expected to be in his/her assigned location throughout the school day. If a student is late arriving at school, s/he must report to the School office before going to his/her first assigned location.

Vacations During the School Year
It is recommended that parents not take their child out of school for vacations. When a family vacation must be scheduled during the school year, the parents/legal guardian shall make a request to the building Principal upon a form provided by the school. The request should be made five days prior to departure and a maximum of five **(5)** school days will be permitted each school year for family vacation or travel. Students must also be in good academic standing for the principal to approve the vacation request. It may be possible for the student to receive certain assignments that are to be completed during the trip. No vacation time will be approved during State testing or semester exams. Five (5) days per year will be excused; anything over 5 days will be considered an unexcused absence.

RELEASED TIME FOR RELIGIOUS INSTRUCTION
Students shall be provided "released time" during the school day to attend a course in religious instruction conducted by a private entity off District property, in accordance with the requirements of Policy 5223.

CODE OF CONDUCT
A major component of the educational program (at the school) is to prepare students to become responsible citizens by learning how to conduct themselves properly and in accordance with established standards. Students are expected to behave in accordance with Federal, State and local laws and rules and Board policies and Administrative Guidelines, and in a way that respects the rights and safety of others. Staff will take corrective action to discipline a student and/or to modify the student's behavior when a student's behavior does not fall within these parameters.

School staff may report suspected criminal misconduct by a student to law enforcement. Law enforcement officers will be permitted to carry out necessary law enforcement functions in the schools, including the removal of a student from school grounds in appropriate circumstances.

Expected Behaviors
Each student shall be expected to:
- abide by national, State, and local laws as well as the rules of the School;
- respect the rights of others;
- act courteously to adults and fellow students;
- be prompt to school and attentive in class;
- work cooperatively with others when involved in accomplishing a common goal regardless of the
- other's ability, gender, race, or ethnic background;
- complete assigned tasks on time and as directed;
- help maintain a school environment that is safe, friendly, and productive;
- act at all times in a manner that reflects pride in self, family, and in the School.

Classroom Environment – It is the responsibility of students, teachers, and administrators to maintain a classroom environment that allows a teacher to communicate effectively with all students in the class; and allows all students in the class the opportunity to learn.

Dress and Grooming
Students are expected to dress appropriately at all times. Any fashion (dress, accessory, or hairstyle) that disrupts the educational process or presents a safety risk will not be permitted.

Students should consider the following questions when dressing for school:
1. Does my clothing expose too much? (No)
2. Does my clothing advertise something that is prohibited to minors? (No)
3. Are there obscene, profane, drug-related, gang-related, or inflammatory messages on my clothing? (No)
4. Am I dressed appropriately for the weather? (Yes)
5. Do I feel comfortable with my appearance? (Yes)

Inappropriate dress is open to the interpretation of the administration.
The following styles or manners of dress are **prohibited**:
- clothing that does not cover the mid-section of a student
- shorts and/or skirts that are short
- tank tops or spaghetti straps – shirts or dresses
- all pants must be worn above hips and cover undergarments

- proper undergarments are to be warn but not seen
- hat or any head coverings
- **ANYTHING, THAT IN THE JUDGMENT OF THE ADMINISTRATION, MAY BE DEEMED DISTRACTING FROM THE EDUCATIONAL PROCESS**

Students who are representing Tri-Village at an official function or public event may be required to follow specific dress requirements. Usually, this applies to athletic teams, cheerleaders, bands, and other such groups.

GANGS

Gangs that initiate, advocate or promote activities that threaten the safety or well-being of persons or that are disruptive to the school environment will not be tolerated.

Incidents involving initiations, hazing, intimidations or related activities that are likely to cause harm or personal degradation are prohibited.

Students wearing, carrying or displaying gang paraphernalia or exhibiting behaviors or gestures that symbolize gang membership or causing and/or participating in activities that are designed to intimidate another student will be disciplined. Prohibited gang paraphernalia will be specifically identified and posted by the Principal.

CARE OF PROPERTY/ STUDENT VALUABLES

Students are responsible for the care of their own personal property. The School is not responsible for personal property. Students should not bring anything of value to school without prior authorization from the building principal. Items such as jewelry, expensive clothing, electronic equipment, and the like, are tempting targets for theft and extortion.

Damage to or loss of school equipment and facilities wastes taxpayers' money and undermines the school program. Therefore, if a student damages or loses school property, the student or his/her parents will be required to pay for the replacement or repair. If the damage or loss was intentional, the student will be subject to discipline according to the Student Discipline Code.

BULLYING, HARASSMENT, AND INTIMIDATION

The Board of Education is committed to providing a safe, positive, productive, and nurturing educational environment for all of its students. The Board encourages the promotion of positive interpersonal relations between members of the school community.

Harassment, intimidation, or bullying toward a student, whether by other students, staff, or third parties is strictly prohibited and will not be tolerated. This prohibition includes aggressive behavior, physical, verbal, and psychological abuse, and violence within a dating relationship. The Board will not tolerate any gestures, comments, threats, or actions which cause or threaten to cause bodily harm or personal degradation. This policy applies to all activities in the District, including activities on school property, on a school bus, or while enroute to or from school, and those occurring off school property if the student or employee is at any school-sponsored, school-approved or school-related activity or function, such as field trips or athletic events where students are under the school's control, in a school vehicle, or where an employee is engaged in school business.

This policy has been developed in consultation with parents, District employees, volunteers, students, and community members as prescribed in R.C. 3313.666 and the State Board of Education's Model Policy. ***Please visit www.tri-village.k12.oh.us for the full policy 5517.01 - BULLYING AND OTHER FORMS OF AGGRESSIVE BEHAVIOR.***

PROTECTION OF INDIVIDUAL BELIEFS

The Board shall not solicit or require current or prospective students who seek enrollment in the District to affirmatively ascribe to specific beliefs, affiliations, ideals, or principles concerning political movement or ideology, no will the District use any statements of commitment to specific beliefs, affiliations, ideals, or principles concerning political movements or ideology to evaluate the student's academic performance. (See Policy 2265)

TITLE IX SEXUAL HARASSMENT

Please reference Policy 2266 – Nondiscrimination on the Basis of Sex in Education Programs or Activities.

ZERO TOLERANCE

No form of violent, disruptive, or inappropriate behavior, including excessive truancy, will be tolerated.

STUDENT DISCIPLINE CODE

The Student Discipline Code addresses the types of misconduct that will subject a student to disciplinary Each of the behaviors and/or types of misconduct described below are prohibited and may subject the student to disciplinary action including, but not limited to, student conference, parent/guardian notification, parent/guardian conference, detention, in-school discipline, suspension and/or expulsion from school. Furthermore, any criminal acts committed at or related to the School will be reported to law

enforcement officials as well as disciplined at school. Certain criminal acts may result in permanent exclusion from school.

1. Possession/use of drugs and/or alcohol

Possessing, using, transmitting or concealing, or being under the influence of any alcoholic beverage, controlled substance including, but not limited to, narcotics, mood altering drugs, counterfeit controlled substances, look-alikes, over the counter stimulants or depressants, anabolic steroids, or drug-related paraphernalia.

If a building principal has a reasonable individualized suspicion of drug or alcohol use, s/he may request the student in question to submit to any appropriate testing, including but not limited to, a breathalyzer test or urinalysis. In such circumstances, the student will be taken to a private administrative or instructional area on school property for such testing with at least one other member of the teaching or administrative staff present as a witness to the test. If a student refuses to take the test, s/he will be advised that such denial leaves the observed evidence of alcohol or drug use unrefuted thus leading to possible disciplinary action. The student will then be given a second opportunity to take the test.

***2.* Possession/use of tobacco**

Possession, consumption, distribution, purchase or attempt to purchase, and/or use of tobacco products or electronic cigarettes or similar devices in school, on school grounds, on school buses, in Board-owned vehicles, within any indoor facility owned or leased or contracted for by the Board, and at any interscholastic competition, extra-curricular event, or other school-sponsored event. Tobacco products include, but are not limited to cigarettes, cigars, pipe tobacco, chewing tobacco, snuff or any other matter or substance that contains tobacco. Smoking of electronic, "vapor", other substitute forms of cigarettes, or clove cigarettes or other smoking devices for burning tobacco or any other substance is also prohibited.

3. Use and/or possession of a firearm

Bringing a firearm (as defined in the Federal Gun-Free Schools Act of 1994) onto school property or to any school-sponsored activity, competition, program, or event, regardless of where it occurs, will result in a mandatory one (1) year expulsion under Ohio law. This expulsion may be reduced on a case-by-case basis by the Superintendent using the guideline(s) set forth in Board Policy 5610.

Firearm is defined as any weapon (including a starter gun) that will or is designed to or may readily be converted to expel a projectile by the action of an explosive; the frame or receiver of any such weapon; any firearm muffler or firearm silencer; or any destructive device (as defined in the Federal Gun-Free Schools Act of 1994). Firearms include any unloaded firearm and any firearm that is inoperable but that can be readily operated.

Students are prohibited from knowingly possessing an object on school premises, in a school or a school building, at a school activity or on a school bus that is indistinguishable from a firearm, whether or not the object is capable of being fired, and indicating they are in possession of such an object and that it is a firearm or knowingly displaying or brandishing the object and indicating it is a firearm.

4. Use and/or possession of a weapon

The term "weapon" includes any object which, in the manner in which it is used, is intended to be used, or is represented, is capable of inflicting serious bodily harm or property damage, as well as endangering the health and safety of persons. Weapons include, but are not limited to, firearms, guns of any type whatsoever, including air and gas-powered guns (whether loaded or unloaded), knives, razors, clubs, electric weapons, metallic knuckles, martial arts weapons, ammunition, incendiary devices, explosives, and other objects defined as dangerous ordnances under State law. It may also include any toy that is presented as a real weapon or reacted to as a real weapon. Possession and/or use of a weapon may subject a student to expulsion and possible permanent exclusion.

A knife is defined as any cutting instrument consisting of a sharp blade fastened to a handle, a razor blade or any similar device that is used for or is readily capable of causing death or serious bodily injury.

5. Use of an object as a weapon

Any object that is used to threaten, harm, or harass another may be considered a weapon. This includes but is not limited to padlocks, pens, pencils, laser pointers, and jewelry.

6. Knowledge of dangerous weapons or threats of violence

Because the Board believes that students, staff members, and visitors are entitled to function in a safe school environment, students are required to report knowledge of dangerous weapons or threats of violence to the Principal. Failure to report such knowledge may subject the student to discipline.

7. Arson

Intentional or purposeful destruction or damage to school or district buildings or property by means of fire. Anything, such as fire, that endangers school property and its occupants will not be tolerated. Arson is a felony.

8. Physically assaulting a staff member/student/person associated with the District.

Acting with intent to cause fear in another person of immediate bodily harm or death, or intentionally bullying, inflicting or attempting to inflict bodily harm upon another person. Physical assault of a staff member, student, or other person associated with the District, regardless of whether it causes injury, will not be tolerated. Any intentional, harmful or potentially harmful physical contact or bullying initiated by a student against a staff member will be considered to be assault. Assault may result in criminal charges and may subject the student to expulsion.

9. Verbally threatening (either orally, in writing or otherwise expressed) a staff member/student/person associated with the District.

Any oral or written statement or otherwise expressed action that a staff member, student, or other person associated with the District reasonably feels to be a threat will be considered a verbal assault. Profanity directed toward a staff member in a threatening tone may also be considered a verbal assault. Confrontation with a student or staff member that bullies, intimidates, or causes fear of bodily harm or death is also prohibited.

10. Misconduct against a school official or employee, or the property of such a person, regardless of where it occurs.

The Board prohibits misconduct committed by a student against a school official or employee, including, but not limited to, harassment (of any type), vandalization, assault (verbal and/or physical), and destruction of property.

11. Misconduct off school grounds

Students may be subject to discipline for their misconduct even when it occurs off school property when the misconduct is connected to activities or incidents that occurred on property owned or controlled by the District. Misconduct is defined as any violation of the Student Discipline Code.

12. Extortion

Extortion is the use of threat, intimidation, force, or deception to take, or receive something from someone else. Extortion is against the law and is prohibited by the Student Discipline Code.

13. Gambling

14. Falsification of school work, identification, forgery

Falsifying signatures or data, or refusing to give proper identification, or giving false information to a staff member. This prohibition includes, but is not limited to, forgery of hall/bus passes and excuses, as well as use of false IDs.

Plagiarism and cheating are also forms of falsification and will subject the student to academic penalties as well as disciplinary action.

15. Bomb Threats, and other false alarms and reports

Making a bomb threat (i.e., intentionally giving a false alarm of a bomb) against a school building or any premises at which a school activity is being held at the time the threat is made may result in expulsion for a period of up to one (1) school year. Additionally, intentionally giving a false alarm of a fire, or tampering or interfering with any fire alarm, is prohibited. It should be remembered that false emergency alarms or reports endanger the safety forces that are responding to the alarm/report, the citizens of the community, and the persons in the building. What may seem like a prank is a dangerous stunt that is against the law and will subject the student to disciplinary action.

16. Terroristic Threat

Threatening, directly or indirectly, to commit a crime of violence with the purpose to terrorize another or with reckless disregard of the risk of causing terror in another.

17. Possession and/or use of explosives and/or fireworks

Possessing or using any compound or mixture, the primary or common purpose of which is to function by explosion, with substantially instantaneous release of gas and heat (including, but not limited to, explosives and chemical-reaction objects such as smoke bombs and poppers). Additionally, possessing or offering for sale any substance, combination of substances, or article prepared to produce a visible and/or audible effect by combustion, explosion, deflagration, or detonation.

18. Trespassing

Although schools are public facilities, the law allows the Board to restrict access to school property. Being present in any Board-owned facility or portion of a Board-owned facility when it is closed to the public or when the student does not have the authorization to be there, or unauthorized presence in a Board-owned vehicle; or unauthorized access or activity in a Board-owned computer, into district, school, or staff computer files, into a school or district file server, or into the Network. When a student has been removed, suspended, expelled, or permanently excluded from school, the student is prohibited from being present on school property without authorization of the Principal.

19. Theft, or knowingly receiving or possessing stolen property

Unauthorized taking of property of another person or receiving or possessing such property. Students caught stealing will be disciplined and may be reported to law enforcement officials. Students should not bring anything of value to school. The School is not responsible for personal property.

20. Insubordination

Students are expected to comply with the reasonable directions of staff. Willful refusal or failure to follow or comply with an appropriate direction given by a staff member, or acting in defiance of staff members.

21. Damaging property (Vandalism)
Defacing, cutting, or otherwise damaging property that belongs to the school, district, other students, employees, or others and disregard for school property.

22. Persistent absence or tardiness
Attendance laws require students to be in school all day or to have a legitimate excuse for their absence. Penalties for unexcused absences can range from detention to a referral to court and/or revocation of the student's driver's license.

23. Unauthorized use of school or private property
Students must obtain permission to use any school property or any private property located on school premises. Any unauthorized use of school property, or private property located on school premises, shall be subject to disciplinary action.

24. Refusing to accept discipline
Students failing to comply with disciplinary penalties may face enhanced penalties for such action.

25. Aiding or abetting violation of school rules
Assisting other students in the violation of any school rule. Students are expected to resist peer pressure and exercise sound decision-making regarding their behavior.

26. Displays of affection/sexual activities

27. Possession of cell phones and electronic devices
The school will supply any electronic equipment or devices necessary for participation in the educational program. Students shall not use or possess any electronic equipment on school property or at any school-sponsored activity without the permission of the principal. Use of personal communication devices ("PCD") (this term shall also include an "electronic communication device" as referenced in R.C. 3313.753) shall be prohibited during the instructional day in accordance with this policy and the Student Code of Conduct. **Please see board Policy 5136 and 5136.01in its entirety**

28. Violation of individual school/classroom rules
Each learning environment has different rules for students. These rules are for the safe and orderly operation of that environment. Students will be oriented to specific rules within each learning environment, all of which will be consistent with this Code.

29. Violation of bus rules (see Section V – Transportation)

30. Interference, disruption or obstruction of the educational process
Any actions or manner of dress that materially and substantially disrupts or interferes with school activities or the educational process, or which threaten to do so, are unacceptable. 31. Harassment and/or Aggressive Behavior (including Bullying/ Cyberbullying)
The Board encourages the promotion of positive interpersonal relations between members of the school community. Harassment and/or aggressive behavior (including bullying/cyberbullying) toward a student, whether by other students, staff, or third parties, is strictly prohibited and will not be tolerated. This prohibition includes physical, verbal, and psychological abuse, and any speech or action that creates a hostile, intimidating, or offensive learning environment. The Board will not tolerate any gestures, comments, threats, or actions which cause or threaten to cause bodily harm or personal degradation. Individuals engaging in such conduct will be subject to disciplinary action.

Conduct constituting sexual harassment may include, but is not limited to:

A. verbal harassment or abuse;
B. pressure for sexual activity;
C. repeated remarks with sexual or demeaning implications;
D. unwelcome touching;
E. sexual jokes, posters, cartoons, etc.;
F. suggesting or demanding sexual involvement, accompanied by implied or explicit threats concerning one's grades or safety;
G. a pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another;
H. remarks speculating about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history.

Note: An inappropriate boundary invasion by a District employee or other adult member of the School District community into a student's personal space and personal life is sexual harassment. Further, any administrator, teacher, coach, or other school authority who engages in sexual or other inappropriate physical contact with a student may be guilty of criminal "child abuse" as defined in State law.

Conduct constituting harassment on the basis of race, color, national origin, religion, or disability may take different forms including, but not limited to, the following:

A. **Verbal**:
The making of offensive written or oral innuendoes, comments, jokes, insults, threats, or disparaging remarks concerning a person's race, color, national origin, religious beliefs, or disability.

B. **Nonverbal**:
Placing offensive objects, pictures, or graphic commentaries in the school environment or making insulting or threatening gestures based upon a person's race, color, national origin, religious beliefs, or disability.

C. **Physical**:
Any intimidating or disparaging action such as hitting, pushing, shoving, hissing, or spitting, on or by a fellow staff member, students, or other person associated with the District, or third parties, based upon the person's race, color, national origin, religious beliefs, or disability.

Aggressive behavior is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student's educational, physical, or emotional well-being. This type of behavior is a form of intimidation and harassment, although it need not be based on any of the legally protected characteristics, such as sex, race, color, marital status, or disability. It would include, but not be limited to, such behaviors as stalking, bullying/cyberbullying, intimidating, menacing, coercion, name-calling, taunting, making threats, and hazing.

Any student who believes that they are the victim of any of the above actions or has observed such actions by another student, staff member, or other person associated with the District, or by third parties, should contact the District's Anti-Harassment Complaint Coordinator(s): Lee Morris, High School Principal, lee_morris@tri-village.k12.oh.us
937-996-1511, 315 S. Main Street, New Madison, OH 45346
Annette Black, Director of Student Services, annette_black@tri-village.k12.oh.us
937-996-1511, 315 S. Main Street, New Madison, OH 45346

The Complaint Coordinators are available during regular school hours to discuss a student's concerns related to harassment and/or bullying/cyberbullying, assist a student who seeks support or advice when informing another individual about "unwelcome" conduct, or intercede informally on behalf of the student.

The student may report their concerns to the Anti-Harassment Complaint Coordinators either by a written report, telephone, or personal visit. In reporting their concerns, the student should provide the name of the person(s) whom the student believes to be responsible for the harassment and/or bullying/cyberbullying and the nature of the harassing and/or bullying/cyberbullying incident(s). The Anti-Harassment Complaint Coordinators will promptly compile a written summary of each such report that will be forwarded to the Principal.

Each report will be investigated in a timely manner and as confidentially as possible. The District will respect the privacy of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, take appropriate action, and conform with any discovery or disclosure obligations. While a charge is under investigation, no information will be released to anyone who is not involved with the investigation, except as may be required by law or in the context of a legal or administrative proceeding. All records generated under the terms of this policy and its related administrative guidelines shall be maintained as confidential to the extent permitted by law. All individuals involved in an investigation as either a witness, victim, or alleged harasser and/or bully/cyberbully will be instructed not to discuss the subject outside of the investigation.

If an investigation reveals that a harassment and/or bullying/cyberbullying complaint is valid, appropriate remedial and/or disciplinary action will be taken promptly to prevent the continuance of the harassment and/or bullying/cyberbullying or its recurrence.

Given the nature of harassing and/or bullying/cyberbullying behavior, the School recognizes that false accusations can have serious effects on innocent individuals. Therefore, all students are expected to act responsibly, honestly, and with the utmost candor whenever they present harassment and/or bullying/cyberbullying allegations or charges.

Some forms of sexual harassment of a student may reasonably be considered child abuse that must be reported to the proper authorities.

These guidelines shall not be interpreted to infringe upon the First Amendment rights of students (i.e., to prohibit a reasoned and civil exchange of opinions, or debate, that is conducted at appropriate times and places during the school day and is protected by State and/or Federal law).

Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry concerning allegations of harassment and/or aggressive behavior is prohibited and will not be tolerated. Such retaliation

shall be considered a serious violation and independent of whether a complaint is substantiated. Suspected retaliation should be reported in the same manner as harassment and aggressive behavior. Making intentionally false reports about harassment or aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Retaliation and intentionally false reports may result in disciplinary action as indicated above.

Any one having further questions concerning prohibited behaviors and/or the complaint process should request a copy of Board policies and administrative guidelines 5517 and 5517.01.

32. Hazing

Performing any act, or coercing another, including the victim, to perform any act, of initiation into any class, team, or organization that causes or creates a substantial risk of causing mental or physical harm. Permission, consent, or assumption or risk by an individual subjected to hazing shall not lessen the prohibitions contained in this rule.

Hazing by any individual, school group, club, or team is not permitted. This includes any form of initiation that causes or creates a risk of causing mental or physical harm, no matter how willing the participant may be. Hazing activities are prohibited at any time in school facilities, on school property, and/or off school property but connected to activities or incidents that have occurred on school property.

All incidents of hazing must be reported immediately to any of the following individuals: the building principal or other administrator; teacher; coach; student club advisor/supervisor, and/or Superintendent. Students who engage in hazing may also be liable for civil and criminal penalties.

33. Violent Conduct

Students may be expelled for up to one (1) school year for committing an act at school, on other school property, at an interscholastic competition, extra-curricular event, or any other school program, or directing an act at a Board official or employee, regardless of where or when that act may occur, or their property that would be a criminal offense if committed by an adult and results in serious physical harm to person(s) or property.

34. Improper Dress

Clothing may not include words or visuals that are lewd, obscene, disruptive, abusive, or discriminatory, or that advertise drugs, alcohol, or tobacco. Dress or grooming that is disruptive of the classroom or school atmosphere is not allowed. Shoes must be worn at all times for health and safety reasons.

35. Careless or Reckless Driving

Driving on school property in such a manner as to endanger persons or property.

36. Burglary

Possessing sexually explicit material.

40. Unauthorized use of vehicles

Occupying or using vehicles during school hours without parental permission and/or school authorization.

Referring to multiple infractions of the school's Student Code of Conduct within a single academic year. When a student continuously ignores school policies, individual minor actions accumulate into a pattern of willful disobedience.

Definition of Repeated Violations

- **Pattern of Misbehavior**: Committing multiple distinct infractions of the same or different school policies.
- **Habitual Disruption**: Causing ongoing interference with the learning environment after receiving direct warnings or interventions.
- **Defiance of Authority**: Demonstrating a persistent refusal to follow staff instructions, directives, or behavioral contracts.

DISCIPLINE

It is important to remember that the School's rules apply going to and from school, at school, on school property, at school-sponsored events, on school transportation, and on property not owned or controlled by the Board but that is connected to activities or incidents that have occurred on property owned or controlled by the Board. Furthermore, students may be disciplined for conduct that,

regardless of where or when it occurs, is directed at a Board official or employee, or the property of such official or employee. In some cases, a student can be suspended from school transportation for infractions of school vehicle rules.

The School is committed to providing prompt, reasonable discipline consistent with the severity of the incident. The consequences for misbehavior are designed to be fair, firm, and consistent for all students in the School.

Because it is not possible to list every misbehavior that occurs, misbehaviors not listed above will be responded to as necessary by staff.

Two (2) types of discipline are possible, informal and formal.

Informal Discipline
Informal discipline takes place within the School. It may include writing assignments, change of seating or location, pre-school**,** lunch-time, or after-school detention, in-school discipline, or Thursday School.

Detentions
A student may be detained after school or asked to come to school early by a teacher, after giving the student and his/her parents one (1) day's notice. The student or his/her parents are responsible for transportation.

Failure to serve two consecutive detentions will result in a referral to the principal and an in school suspension. If you are unable to serve your assigned detention you must let the staff member know who assigned you the detention, so they can serve you with another date.

If a student receives 5 detentions for inappropriate behavior, it will result in a referral to the principal and an in school suspension.

The following rules apply to: Detention, In-School Suspension and Thursday School
Students who are assigned a detention will serve after school from 2:50-3:15. Students who are assigned Thursday School will serve them on Thursday afternoons from 2:50-4:45.

- Be on time. You cannot leave until the detention is over.
- All other rules in the Student Handbook shall apply.
- Students are required to have class assignments with them.
- Students are not to communicate with each other unless given permission to do so.
- Students are to remain in their designated seats at all times unless permission is granted to do otherwise.
- Students shall not be allowed to put their heads down or sleep.
- No electronic communication devices, radios, CD/MP3 players, cards, magazines, or other entertainment/recreational articles or devices shall be allowed in the room.
- No food or beverages shall be consumed.
- Any student who has not passed all of the State-mandated assessment tests will be required to work on a study packet for one (1) or more of the unpassed tests.

Uncooperative students may be asked to leave or sent home early, resulting in further disciplinary action. **The only excuse accepted for missing detention will be a doctor's excuse or PRIOR administrative approval.*

In-School Discipline
Detentions – Issued by staff or office will be served from 2:45–3:15 after school in a designated area. In- School Suspension (ISS) – Issued by the principal will be served from 7:50–2:45 in the office or in a classroom. Thursday School - Issued by the principal will be served from 2:45-4:45 in a classroom. The In-School Disciplines can be issued to students for failing to complete assignments, failure to follow school and class rules, multiple tardiness to school or class, insubordination towards a staff member, and failure to serve issued in – school discipline. A student missing any portion of his/her assigned time in Teacher or Office Detention may be given an additional detention. Failure to timely serve Detention assignment(s) may lead to suspension from school. Any such suspension shall be in accordance with District guidelines on suspension and expulsion.

Formal Discipline
Formal discipline involves removal of the student from school. It includes emergency removal for up to three (3) school days, suspension for up to ten (10) school days, expulsion for up to eighty (80) school days or the number of days remaining in a semester, whichever is greater, and permanent exclusion. Expulsions may carry over into the next school year. Any student who is expelled from school for more than twenty (20) days, or for any period of time if the expulsion will extend into the following semester or school year, will be provided with information about services or programs offered by public and private agencies that work toward improving those aspects of the student's attitude and behavior that contributed to the incident that gave rise to the student's expulsion. The Superintendent, at the Superintendent's discretion, may require/allow a student to perform community service in

conjunction with or in place of an expulsion. The Superintendent may impose a community service requirement beyond the end of the school year in lieu of applying the expulsion to the following school year. Removal for less than one (1) school day without the possibility of suspension or expulsion may not be appealed. Suspension, expulsion, and permanent exclusion may be appealed.

Students being considered for suspension are entitled to an informal meeting with the building administrator prior to removal. Also, students being considered for expulsion are entitled to an informal meeting with the Superintendent or designee prior to removal. During the informal meeting, the student will be notified of the charges and given the opportunity to respond.

Students involved in co-curricular and extra-curricular activities, such as band and athletics, can lose their eligibility for violation of the School rules.

If a student commits a crime while under the School's jurisdiction, the student may be subject to school disciplinary action, as well as action through local law enforcement.

DUE PROCESS RIGHTS

Before a student is suspended, expelled, or permanently excluded from school, there are specific procedures that must be followed. As long as the in-school discipline is served entirely in the school setting, it will not require any notice or meeting, or be subject to appeal.

SUSPENSION FROM SCHOOL

When a student is being considered for a suspension, the administrator in charge will notify the student of the basis for the proposed suspension. The student will be given an opportunity to explain his/her view of the underlying facts. After that informal meeting, the Principal [or assistant principal or other administrator] will determine whether or not to suspend the student. If the decision is made to suspend the student, s/he and his/her parents will be given written notification of the suspension within one (1) day setting forth the reason for the suspension, the length of the suspension, and the process for appeal. The suspension may be appealed, within 5 days after receipt of the suspension notice, to the Superintendent. The request for an appeal must be in writing.

During the appeal process, the student shall not be allowed to remain in school. If the appeal is heard by the Board's designee, the appeal shall be conducted in a private hearing. If the appeal is heard by the Board of Education, the appeal shall be conducted in executive session unless the student or the student's representative requests otherwise. A verbatim transcript will be made, and witnesses will be sworn in prior to giving testimony. If the appeal decision is to uphold the suspension, the next step in the appeal process is to the Court of Common Pleas.

EMERGENCY REMOVAL

If a student's presence poses a continuing danger to persons or property, or an ongoing threat of disrupting the academic process taking place either in a classroom or elsewhere on the school premises, the Superintendent, Principal, or assistant principal may remove the student from any curricular or extra-curricular activity or from the school premises. A teacher may remove the student from any curricular or extra-curricular activity under the teacher's supervision, but not from the premises.

If a teacher makes an emergency removal, the teacher will notify a building administrator of the circumstances surrounding the removal, in writing, within one (1) school day. No prior notice or hearing is required for any removal under this procedure. In all cases of normal disciplinary procedures where a student is removed from curricular or extra-curricular activity for less than one (1) school day, and is not subject to further suspension for expulsion, the following due process requirements do not apply.

If the emergency removal exceeds one (1) school day, then a hearing will be held on the next school day after the removal is ordered. Written notice of the hearing and the reasons for removal and any intended disciplinary action will be provided to the student, as soon as practical prior to the hearing. If the student is subject to an out-of-school suspension, the student will have the opportunity to appear at an informal hearing before the Principal, assistant principal, Superintendent, or a designee, and may challenge the reasons for the removal or otherwise explain their actions.

A student in any of grades pre-kindergarten through three (3) may be removed only for the remainder of the school day, and shall be permitted to return to any curricular and extra-curricular activities on the next school day (following the day in which the student was removed or excluded). When a student in any of grades pre-kindergarten through three (3) is removed and returned to their curricular and extra-curricular activities the next school day, the Principal is not required to hold a hearing (or provide written notice of same).

Within one (1) school day of the decision to suspend, written notification will be given to the parent(s)/guardian(s) or custodian(s) of the student. This notice will include the reasons for the suspension, the right of the student or the student's parent(s)/guardian(s) or custodian(s) to appeal to the Board or its designee, and the student's right to be represented in all appeal proceedings. If it is

likely that the student may be subject to expulsion, the hearing will take place within three (3) school days and will be held in accordance with the procedures outlined in the Student Expulsion Policy. The person who ordered or requested the removal will be present at the hearing. In an emergency removal, a student may be kept from class until the matter of the alleged misconduct is resolved, either by reinstatement, suspension, or expulsion.

EXPULSION FROM SCHOOL

When a student is being considered for expulsion, the student and parent will be provided with a formal notice of the proposed expulsion. This written notice will include the reasons for the intended expulsion, notification of the opportunity to appear in person before the Superintendent or the Superintendent's designee to challenge the reasons for the expulsion and/or explain the student's action, and notification of the time and place to appear. Students being considered for expulsion may be removed immediately. A hearing will be scheduled no earlier than three (3), nor no later than five (5), school days after the notice is given. Parents may request an extension of time for the hearing. The student may be represented by their parents, legal counsel, and/or by a person of the student's choice at the hearing.

In accordance with Board Policy 5610 – Removal, Suspension, Expulsion, and Permanent Exclusion of Students, the Superintendent shall initiate expulsion proceedings against a student who has committed an act that warrants expulsion under Board policy even if the student withdraws from school prior to the hearing or decision to impose the expulsion. The expulsion will be imposed for the same duration that it would have been had the student remained enrolled.

If a student is expelled, the student and the student's parents will be provided with written notice within one (1) school day of the imposed expulsion. The notice will include the reasons for the expulsion, the right of the student, or the student's parent(s)/guardian(s) or custodian(s) to appeal the expulsion to the Board or its designee, the right to be represented in all appeal proceedings, the right to be granted a hearing before the Board or its designee, and the right to request that the hearing be held in executive session.

Within 10 days after the Superintendent notifies the parents of the expulsion, the expulsion may be appealed, in writing, to the Board of Education or its designee. A hearing on the requested appeal will be formal with an opportunity for sworn testimony. If the expulsion is upheld on appeal, a student's parents may pursue further appeal to the Court of Common Pleas.

Students serving expulsions will not be awarded grades or credit during the period of expulsion. Expulsion for certain violations, including use or possession of alcohol or drugs, may result in revocation of the student's driver's license. When a student is expelled, the Superintendent will notify any college in which the expelled student is enrolled under the Early College Credit Program at the time the expulsion is imposed.

Permanent Exclusion

State law provides for the permanent exclusion of a student, sixteen (16) years of age or older, who engages in certain criminal activity. Permanently excluded students may never be permitted to return to school anywhere in the State of Ohio. A permanent exclusion may be considered if the student is convicted or adjudicated delinquent for committing one (1) or more of the following crimes while on the property of any Ohio school:

A. conveying deadly weapons onto school property or to a school function;
B. possessing deadly weapons onto school property or at a school function;
C. carrying a concealed weapon onto school property or at a school function;
D. trafficking in drugs onto school property or at a school function;
E. murder, aggravated murder on school property or at a school function;
F. voluntary or involuntary manslaughter on school grounds or at a school function;
G. assault or aggravated assault on school property or at a school function;
H. rape, gross sexual imposition or felonious sexual penetration on school grounds, or at a school function, when the victim is a school employee;

Discipline of Students with Disabilities

Students with disabilities are entitled to the rights and procedures afforded by the Individuals with Disabilities Education Improvement Act (IDEIA) and, where applicable, the Americans with Disabilities Act (ADA), and/or Section 504 of the Rehabilitation Act of 1973.

Suspension of Bus Riding/Transportation Privileges

When a student is being considered for suspension of bus riding/transportation privileges, the administrator in charge will notify the student of the reason. The student will be given an opportunity to address the basis for the proposed suspension at an informal hearing. After that informal hearing, the Principal (or assistant principal or other administrator) will decide whether or not to suspend

the student's bus riding/transportation privileges for all or part of the school year.

If a student's bus riding/transportation privileges are suspended, the student and their parents will be notified, in writing and within one (1) day, of the reason for the suspension and the length of the suspension.

SEARCH AND SEIZURE

Administrators may search a student or a student's property (including vehicles, purses, knapsacks, gym bags, etc.) with or without the student's consent, whenever they reasonably suspect that a search will lead to the discovery of evidence of a violation of law or school rules. The extent of the search will be governed by the seriousness of the alleged infraction and the student's age. General housekeeping inspection of school property may be conducted with reasonable notice. Student lockers are the property of the District and students have no reasonable expectation of privacy in their contents or in the contents of any other District property including desks or other containers. School authorities may conduct random searches of the lockers and their contents at any time without announcement. Unannounced and random canine searches may also be conducted.

Additionally, students have NO reasonable expectation of privacy in their actions in public areas including, but not limited to, common areas, hallways, cafeterias, classrooms, and gymnasiums. The District may use video cameras in such areas and on all school vehicles transporting students to and from regular and extra-curricular activities.

Anything that is found in the course of a search may be used as evidence of a violation of school rules or the law, and may be taken, held, or turned over to the police. The School reserves the right not to return items that have been confiscated.

INTERROGATION OF STUDENTS

The School is committed to protecting students from harm that may be connected with the school environment and also recognizes its responsibility to cooperate with law enforcement and public child welfare agencies. While the School believes these agencies should conduct their investigations off school property if possible, investigations can take place at school in emergency situations or if the violation being investigated occurred on school property.

Before students are questioned as witnesses or suspects in an alleged criminal violation, the building administrator will attempt to contact a parent prior to questioning and shall remain in the room during questioning.

If a student is questioned as the subject of alleged child abuse or neglect, the building administrator will attempt to contact a parent prior to questioning, and the building administrator (or a designated guidance counselor) will remain in the room during questioning. If the agency investigating the alleged child abuse or neglect suspects the parent is the perpetrator, neither parent will be contacted prior to questioning, but the building administrator (or a designated guidance counselor) will remain in the room during questioning.

If law enforcement or children's services agency removes a student from school, the building administrator will notify a parent.

STUDENT RIGHTS OF EXPRESSION

The School recognizes the right of students to express themselves. With the right of expression comes the responsibility to do so appropriately. Students may distribute or display, at appropriate times, non- sponsored, noncommercial written material and petitions; buttons, badges, or other insignia; clothing, insignia, and banners; and audio and video materials. All items must meet school guidelines.

A. Material cannot be displayed if it:
   1) is obscene to minors, libelous, is pervasively indecent or vulgar;
   2) advertises any product or service not permitted to minors by law;
   3) intends to be insulting or harassing;
   4) intends to incite fighting; or
   5) presents a clear and present likelihood that, either because of its content or manner of distribution or display, it will cause or is likely to cause a material and substantial disruption of school or school activities, a violation of school regulations, or the commission of an unlawful act.

B. Material may not be displayed or distributed during class periods, or between classes. Permission may be granted for display or distribution during lunch periods, and/or before or after school in designated locations, as long as exits are not blocked and there is proper access and egress to the building.

Students who are unsure whether materials they wish to display meet school guidelines may present them to the principal twenty-four (24) hours prior to display.

SECTION IV – TRANSPORTATION

Bus Transportation To School

The School provides **transportation** for all students who live farther than 1 mile from school. The transportation schedule and

routes are available by contacting the transportation coordinator at (937) 996-2142. We care about our student's here at TV and want to make sure that they are aware of where they need to go after school. This also allows the teacher and your child to know what exit they should take at the end of the day.

Please remember that any transportation changes for your child should be made before school. **A note MUST be sent in with your child with the following information:** ***Name of Student – Date – Instructions – Parent Signature.*** This note must get approved by the office, and the student will give it to the appropriate bus driver. A note is required, **NOT** a phone call. Students will **NOT** be allowed to call home to find out what the arrangements are for the day. Notes must be turned into to the office no later than 2:00pm. Transportation changes will not be made after 2:00pm.

Only in a case of an emergency will we take messages for students. Phone calls can't be transferred to classrooms during the hours of 7:58 am – 2:45 pm.

Students may only ride assigned buses and must board and depart from the bus at assigned bus stops. Students will not be permitted to ride unassigned buses for any reason other than an emergency, except as approved by the Principal. The Principal may approve a change in a student's regular assigned bus stop to address a special need, upon the principal's approval of a note from a parent stating the reason for the request and the duration of the requested change.

CONDUCT ON SCHOOL VEHICLES

Students who are riding to and from school on transportation provided by the School are required to follow all basic safety rules. This applies to school-owned buses as well as any contracted transportation. The driver may assign seating or direct students in any reasonable manner to maintain transportation safety.

Students must comply with the following basic safety rules:

Prior to loading (on the road and at school)

Each student shall:

- be on time at the designated loading zone 5-10 minutes prior to scheduled stop);
- stay off the road at all times while walking to and waiting for school transportation;
- line up single file off the roadway to enter;
- wait until the school transportation is completely stopped before moving forward to enter;
- refrain from crossing a highway until the driver signals it is safe to cross;
- properly board and depart the vehicle;
- go immediately to a seat and be seated.

It is the parents' responsibility to inform the bus driver when their child will not be aboard school transportation. Drivers will not wait for students who are not at their designated stops on time.

During the trip

Each student shall:

- remain seated while the school transportation is in motion;
- keep head, hands, arms, and legs inside the school transportation at all times;
- not push, shove or engage in scuffling;
- not litter in the school vehicle or throw anything in, into, or from the vehicle;
- keep books, packages, coats, and all other objects out of the aisle;
- be courteous to the driver and to other riders;
- not eat or play games, cards, etc.;
- not use nuisance devices (e.g., laser pointers) on the bus in a way that disrupts the safe transportation of students and/or endangers students or employees;
- not tamper with the school vehicle or any of its equipment (including, but not limited to emergency and/or safety equipment).

Exiting the school vehicle

Each student shall:

- remain seated until the vehicle has stopped;
- cross the road, when necessary, at least 10 feet in front of the vehicle, but only after the driver signals that it is safe;
- be alert to a possible danger signal from the driver.

The driver will not discharge students at places other than their regular stop at home or at school unless s/he has proper authorization from school officials.

VIDEO SURVEILLANCE AND ELECTRONIC MONITORING ON SCHOOL BUSES

The Board of Education has installed video cameras on school buses to monitor student behavior.

If a student misbehaves on a bus and the student's actions are recorded, the recording will be submitted to the Principal and may be used as evidence of misbehavior.

Refer to section on Due Process Rights concerning **Suspension of Bus Riding/Transportation Privileges.**

PENALTIES FOR INFRACTIONS
A student who misbehaves on a school vehicle shall be disciplined in accordance with the Student Discipline Code and may lose the privilege of riding on a school vehicle. (See Suspension of Bus Riding/Transportation Privileges, above).

TRANSPORTATION OF STUDENTS BY PRIVATE VEHICLE
When transportation by District vehicle is either not available or feasible, there may be a need to provide transportation to students by private vehicle. However, no students will be permitted to ride in a private vehicle unless written consent is provided by each student's parent using Form 8660 F2 – Parental Consent for Transportation by Private Vehicle. Upon request, parents of participating students will be given the name of the driver, the owner of the vehicle, and the description of the vehicle.

USE OF MOTORIZED UTILITY VEHICLES
The Board of Education regards the use of motor vehicles for travel to and from school by students as an assumption of responsibility on the part of those students -- a responsibility in the care of property, in the observation of safety rules, and in the display of courtesy and consideration toward others – and an assumption of liability on the part of those students and their parent(s).

The Superintendent shall develop administrative guidelines for the operation and parking of motor vehicles by students which shall include the requirement that students are licensed drivers.

The Board shall not be responsible for motor vehicles which are lost, stolen, or damaged while on school property.

SAFE OPERATION OF MOTORIZED UTILITY VEHICLES BY STUDENTS
Because of the clear and present danger of accident, the Board of Education prohibits the use of motorized utility vehicles by students on school grounds or for school activity purposes.

Please refer to Board policies for other information concerning transportation and rules.
