

# 2nd Grade Technology Lessons

Topic	Lesson
1. Getting Familiar with your Chromebook	Students will learn how to locate specific keys and use specific functions of their Chromebook
2. Using a username and password	Students will independently log into Moby Max learning site using specific username and password.
3. Using Moby Max Math Fluency Facts	Students will navigate to the Fact Fluency box and complete today's session for math facts (ongoing/weekly)
4. Using Moby Max - Reading features	Students will use the Reading features on Moby Max, including level assessment, to practice Reading skills while learning how to navigate the website.
5. NWEA/MAP testing skills	Students will be explicitly taught how to navigate to the NWEA site and use its functions to complete their testing.
6. Using Google Classrooms and Google Forms	Students will be explicitly taught how to log on to their specific Google Classroom and complete an assignment (Google Form). They will learn how to submit assignments digitally.
7. Using Google Classroom and Google Docs	Students will be navigated through the features of Google Docs and learn how to use these features to enhance their digital learning, writing, and technology skills.
8. Using Readworks Digital	Students will use Google Classroom to access their Reading assignment through Readworks Digital in order to complete a reading passage and comprehension questions. Students will also learn how to submit this assignment digitally.
