A message from the Superintendent

Dear Parents and Community Members,

On behalf of the Tri-Village Board of Education, I would like to thank our community for their continued support, including your attendance at school events, volunteer efforts at our facility and financial support through your local tax dollars. Thank you for making the connection between a strong, local school system and strong community. We are grateful that our community values an investment of both time and resources to positively impact our children.

I have thoroughly enjoyed working with all staff members, students and stakeholders of the community. It seems like yesterday we began our journey together. However, the days of summer are quickly passing and preparations for another exciting school year are already in full swing as we find ourselves replacing personnel, completing maintenance and grounds improvements and making curricular preparations for the 2015-2016 school year.

As we close the doors on my second year as superintendent of the Tri-Village Local School District, I would like to thank the members of the Board of Education, administration, staff, parents and members of the community for your unwavering support and cooperation during my second year at the helm. As superintendent, I am honored to lead such a wonderful district and community.

On May 29th the district recognized the following staff retirements and presented them with a desk clock as a token of our appreciation for their years of service and loyalty to the district.

- Jim Stacy - Mr. Stacy began his career with Tri-Village in 1984 and spent 31 years with the district.
- Karen Friar - Mrs. Friar began her career with Tri-Village in 1987 and spent 28 years with the district.
- Becky Middleton - Ms. Middleton began her career with Tri-Village in 1987 and spent 28 years with the district.
- Kathy Kutter - Mrs. Kutter began her career with Tri-Village in 1990 and spent 25 years with the district.
- John Wise - Mr. Wise began his career with Tri-Village in 1994 and spent 21 years with the district.
- Karen Chronister - Mrs. Chronister began her career with Tri-Village in 2000 and spent 15 years with the district.

Mr. Josh Sagester
Superintendent

In closing, a culture of success and high expectations is not possible without the support of everyone in our community. This concept only becomes a reality when each and every one of us is willing to grow and sustain a culture of excellence in education. We depend on all of our stakeholder groups and community partners to strategically move our school system forward during challenging times. Our educators remain focused on providing all of our students with the guidance, leadership and instruction that will prepare them for success in a global society. We welcome the beginning of a new school year and the opportunity for all of us to foster a culture of excellence in education the "Patriot Way!"

Sincerely,

Josh Sagester
