

Learning Recovery & Extended Learning Plan

District Name:	Tri-Village Local Schools
District Address:	315 South Main Street
District Contact:	Josh Sagester, Superintendent
District IRN:	046680

On February 9, 2021, Governor DeWine asked schools and districts to work with their communities and educational stakeholders to help students continue to advance academically and to make up for any learning that may have been lost or delayed due to the coronavirus pandemic and related disruptions.

“This once-in-a-lifetime pandemic has impacted all of us, so it should be no surprise that it has impacted our children. But we should not panic, nor should we be surprised by the results of assessments,” said Governor DeWine. “Instead, we should do what Ohioans have always done when facing a challenge – stay calm, roll up our sleeves, and work to solve the problem.”

Governor DeWine has requested that schools and districts design plans that address learning recovery and extended learning opportunities to meet the needs of students that could include, but are not limited to, extending the current school year, beginning the new year early, extending the school day or instituting summer programs, tutoring, remote options, and other remedial or supplemental activities.

Plans should address, but are not limited to, the following key components:

- **Impacted Students:** How will schools and districts identify which students have been most impacted by the pandemic in terms of their learning progress (with a focus on the most vulnerable student populations)?
- **Needs Assessment:** How will schools and districts identify the needs of those students?
- **Resources and Budget:** What resources are available to address those needs? Generally, what is the budget for the plan?
- **Approaches:** What approaches can best be deployed to address those needs? (This may include approaches such as ending the school year later than scheduled, beginning the new year early, extending the school day, summer programs, tutoring, and remote options.)
- **Partnerships:** Which local and regional partners (such as Educational Service Centers, Information Technology Centers, libraries, museums, after-school programs, or civic organizations) can schools and districts engage in supporting student needs?
- **Alignment:** How can this plan reinforce and align to other district or school plans? This may include but is not limited to Student Wellness and Success Fund plans, remote learning plans, improvement plans, CCIP-related plans, graduation plans.

Each district or school should consider its unique needs and issues and prepare its plan in a way that responds appropriately and leverages the assets of its unique partners including their Educational Service Center and other regional and community-based partners. Each district or school should consider a wide range of representation and voices from district and community stakeholders in planning for learning recovery and extended learning opportunities.

The governor asked schools and districts to provide their plans to the public and General Assembly no later than April 1.

This template has been designed to assist districts in meeting and exceeding this requirement and in supporting their long-term instructional planning efforts. Please refer to the [Planning Support Document](#) at the end of this template for guiding questions and resources.

Questions, comments and concerns can be emailed to: ExtendedLearning@education.ohio.gov

Learning Recovery & Extended Learning Plan

[ODE's Planning for Extended Learning FAQ's](#)

Identifying Academic Needs

Impacted Students:

How will schools/districts identify which students have been most impacted in terms of their learning progress (with a focus on the most vulnerable student populations including but not limited to disengaged students)?

Considerations:

- **Resources** (Existing and Needed)
- **Partnerships** (Local/Regional, ESC, ITC, libraries, museums, after-school programs, civic organizations, etc.)
- **Alignment** (Other District/School Plans, Wellness and Success plans, remote learning plans, improvement plans, CCIP-related plans, graduation plans, student success plans, etc.)
 - Alignment with current OIP five-step processes (1-Identify Critical Needs, 2-Research and Select Evidence-Based Strategies, 3-Plan for Implementation, 4-Implement and Monitor, 5-Examine, Reflect, Adjust)
- **Core Questions to Consider:**
 - What do students need to know?
 - How do we know if they've learned it?
 - How do we intervene for those students who have not learned it?
 - How do extend other opportunities for those who have learned it?

Budget

Fall 2020

Tri-Village Local Schools have been providing in-person instruction five days a week since Tuesday, September 8 2020. The district collected data at the elementary level from the following forms; State testing (3rd grade), diagnostic testing, MAP data and formative classroom assessments. At the JH level we used MAP data, SCA data and formative classroom assessments. At the HS level we used SCA data and formative classroom assessments.

Spring 2021

Comparatively speaking from fall and winter testing, scores are improving on diagnostic testing and MAP assessments.

Summer 2021

After assessments this spring, the district plans to evaluate student data and provide summer intervention for students who do not meet a certain threshold.

Learning Recovery & Extended Learning Plan

2021 - 2022	Vertical grade level meetings will be held at the end of the year to discuss student achievements and their educational needs for next year. The teachers and administration will monitor grades, formative assessments, diagnostic testing and state testing results. More chromebooks are being purchased to assist with recycling olders models, summer school offerings and availability.

Approaches to Address Academic Gap Filling

Approaches & Removing/Overcoming Barriers	<i>What approaches will schools/districts use to fill learning needs identified above? What steps will be taken to remove/overcome barriers that may be associated with the "Gap Filling Approaches" (transportation to tutoring, no data to track/identify specific student needs, funding concerns to support approaches, etc.)?</i>	
Considerations: <ul style="list-style-type: none"> - <i>Resources (Existing and Needed)</i> - <i>Partnerships (Local/Regional, ESC, ITC, libraries, museums, after-school programs, civic organizations, etc.)</i> - <i>Alignment (Other District/School Plans, Wellness and Success plans, remote learning plans, improvement plans, CCIP-related plans, graduation plans, student success plans, etc.)</i> <ul style="list-style-type: none"> - <i>Alignment with current OIP five-step processes (1-Identify Critical Needs, 2-Research and Select Evidence-Based Strategies, 3-Plan for Implementation, 4-Implement and Monitor, 5-Examine, Reflect, Adjust)</i> - Core Questions to Consider: <ul style="list-style-type: none"> - <i>What do students need to know?</i> - <i>How do we know if they've learned it?</i> - <i>How do we intervene for those students who have not learned it?</i> - <i>How do extend other opportunities for those who have learned it?</i> 		Budget
Fall 2020	After identifying students that were below expected levels in the fall, teachers began to provide instruction within the regular classroom to assist in loss of skills from the spring. The teachers are using Patriot Period time, Title Coaches, Early Literacy Groups and Reading Intervention Monitoring Plans to close the gaps.	
Spring 2021	The same support and interventions that were offered in the fall will continue in the spring.	

Learning Recovery & Extended Learning Plan

Summer 2021	Summer school opportunities will be offered to students based assessment data.	
2021 - 2022	Time within the regular school day will be allotted such as our Patriot Period and other intervention supports.	

Learning Recovery & Extended Learning Plan

Approaches to Identify Social & Emotional Needs

Impacted Students: *How will schools/districts identify which students have been most impacted by the pandemic in terms of their social/emotional needs (with a focus on the most vulnerable student populations including but not limited to disengaged students)?*

Considerations:

- *Resources (Existing and Needed)*
- *Partnerships (Local/Regional, ESC, ITC, libraries, museums, after-school programs, civic organizations, etc.)*
- *Alignment (Other District/School Plans, Wellness and Success plans, remote learning plans, improvement plans, OIP, CCIP-related plans, graduation plans, student success plans, etc.)*

Budget

Fall 2021	As a district, several meetings were held to identify students that not only were struggling academically but also with their social emotional needs. Plans were made on how to move forward with the learning gaps due to remote learning in the spring. Our guidance counselor, youth advocate and student success liaison were involved in the discussions to assist with mental health issues.	
Spring 2021	Building leadership meetings are occurring and discussions about at risk students both academically and social emotional are taking place.	
Summer 2021	Contact with parents will be vital for students that are showing needs that need to be cared for over the summer. Conversations will be had amongst the administrative team and guidance department regarding students showing signs of emotional distress.	
2021 - 2022	Students will be evaluated as they enter next school year by observation to identify students that are continuing to struggle emotionally. The district utilizes our youth advocate and student success liaison to assist in this capacity.	

Learning Recovery & Extended Learning Plan

Approaches to Address Social and Emotional Need

Approaches & Removing/Overcoming Barriers	<i>What approaches will schools/districts use to address social and emotional needs identified above? What steps will be taken to remove/overcome barriers that may be associated with the social/emotional needs" (transportation to support services, no data to track/identify specific student needs, funding concerns to support approaches, etc.)?</i>	
Considerations: <ul style="list-style-type: none"> - <i>Resources (Existing and Needed)</i> - <i>Partnerships (Local/Regional, ESC, ITC, libraries, museums, after-school programs, civic organizations, etc.)</i> - <i>Alignment (Other District/School Plans, Wellness and Success plans, remote learning plans, improvement plans, CCIP-related plans, graduation plans, student success plans, etc.)</i> 		Budget
Fall 2020	The district employees a full time guidance counselor, a youth advocate and a student success liaison to assist students on a daily basis.	
Spring 2021	Our youth advocate and student success liaison work daily with our students in whole groups and small groups.	
Summer 2021	All staff have been trained and we will provide more mental health first aid this August. We plan to continue our partnership with Tri-County Mental Health.	
2021-2022	Hope squads will be introduced next year as grant money has been secured to launch this endeavor.	

Learning Recovery & Extended Learning Plan

PLANNING SUPPORT DOCUMENT

As stated by ODE, this is not a one-size-fits-all exercise. Each district or school should consider its unique needs and issues and prepare its plan in a way that responds appropriately and leverages the assets of its unique partners. The template above has been designed to be as adaptable as possible given the wide range of district experiences and needs. The pages below in the Planning Support Document are designed to assist districts as they think through the nuances that may be significant to their respective district. Educational Service Centers are here to support. Some schools and districts may choose to have similar plans to facilitate effective implementation. ESCs may be able to provide coordination for such collaborative approaches. The following planning support document is provided to assist teams in thinking through the planning process. Additionally, rather than an exhaustive list of resources that quickly becomes overwhelming and outdated, a few key elements have been provided to assist in planning. Districts may also want to consult ODE's [Reset and Restart](#) website and planning guide. Additional planning resources are also available at <http://reframingeducation.org/>. This decision-making framework was developed by Ohio's network of ESCs to assist districts in having authentic conversations about instructional expectations and making plans to reframe education moving forward; we encourage districts to reach out to their ESCs for additional support as needed.

ACADEMIC PLANNING

Learning Recovery & Extended Learning Plan

<p>Determining Academic Needs</p>	<p>How will instructional needs be determined?</p> <p>Possible/Optional item(s) to consider:</p> <ul style="list-style-type: none"> ● Performance on tests (e.g., district assessments, statewide tests, ACTs, etc.); (Districts will not have statewide achievement data until after the end of the school year and may need to identify assessment tools to identify gaps.) ● How will districts determine impacted/vulnerable populations? ● How will districts/schools combat barriers for disengaged students? ● What opportunities were missed due to the inability to access programming? Can any of these opportunities be reinstated in the summer or next school year? (Districts are encouraged to consider this question through an equity lens for student populations-- Students with Disabilities, English Language Learners, Gifted Students, All Learners, etc.) ● Access to key opportunities (e.g., advanced mathematics, physics, higher education, interventions, etc.) may have been lost due to the pandemic. ● Attainment (e.g., high school diploma, college degree, employment) ● What essential elements of determining instructional needs are already in place? ● District MTSS Process and Universal Screeners ● Use of/Alignment with the OIP/DLT/BLT/TBT process to determine; What do students need to know? How do we know if they've learned it? How do we intervene for those students who have not learned it? How do we extend other opportunities for those students who have learned it? ● Gap Analysis for ELA, Math, Science, and Social Studies ● Prioritize Literacy and Math ● Prioritized Standards ● Supports for IEPs/Compensatory Services, Written Education Plan (WEP) adjustments, etc. ● Rising Kindergarteners (These students have spent a significant portion of their life in a pandemic environment. What needs might they have as they enter Kindergarten in Fall 2021?)
<p>Filling Academic Gaps</p>	<p>How will academic gaps be filled?</p> <p>Possible/Optional item(s) to consider:</p> <ul style="list-style-type: none"> ● Existing processes and supports ● Partnerships (ESC, libraries, museums, after-school programs, civic organizations, pre-school providers, etc.) ● MTSS processes ● Effective district-wide/school-wide leadership teams focusing on achievement gaps ● Data-based decision-making - How will achievement gaps be addressed in BLTs and TBTs? ● Will measurable objectives be required? Or will these be supplemental offerings that the parent/guardian may choose to have their student participate in and benefit from? ● What happens with students who do become proficient? ● Triage plans for Seniors/Credit Recovery Options for HS ● Supports for IEPs/Compensatory Services, Written Education Plan (WEP) adjustments, etc. ● Student Success Plans ● Personalized learning opportunities ● Clear instructional plans have been created with prioritized standards ● Clear instructional plans have been communicated with staff, parents, and other stakeholders ● Cross grade-level communication ● Coordination with relevant partners to support Literacy, Math, and SEL - ESCs, tutors, etc. ● Who, When, How...Cohorts, Family PODs, Layout, and Delivery ● How do we ensure at-risk students are taking advantage of the opportunities?

Learning Recovery & Extended Learning Plan

	<ul style="list-style-type: none"> • How can disengaged students be reengaged? • How can ESC Family and Community Partnership Liaisons support this work with vulnerable student populations including but not limited to disengaged students? • What steps will be taken to remove/overcome barriers that may be associated with the “Gap Filling Approaches” (transportation to tutoring, no data to track/identify specific student needs, funding concerns to support approaches, etc.)?
Determine Competency	<p>What method(s) will be used to determine competency for pandemic learning?</p> <p>Possible/Optional item(s) to consider:</p> <ul style="list-style-type: none"> • Develop and communicate a plan for determining competency (grading and assessments, grade-level advancement) • Develop and communicate a plan for promoting students vs. retention • Consider equity of practices, long-term consequences, social/emotional factors
