

Grade Level Content Statement Topic:

Earth's surface

Content Statement 1: The surface of Earth changes due to weathering.

Content Statement 2: Earth's surface has specific characteristics and landforms that can be identified.

Content Statement 3: The surface of Earth changes due to erosion and deposition.

I can statements:

-Students can explain that 70 percent of Earth's surface is covered with water and most of which is ocean.

- Students can research and identify slow earth landforms and the processes in which they are created.

-Students can explain how the process of erosion and deposition changes Earth's surface.

Concepts:

Layers of Earth

Weathering

Mountain building

Erosion

Deposition

Landforms

Sand dunes

Deltas

Glacial moraines

Vocabulary-

Brittle

Decompose

Erosion

Expands

Magnetic

Natural till
