Tri-Village Local Schools

September 2015

A message from the Superintendent

Dear Parents and Community Members,

It is hard to believe that the start of the 2015-2016 school year has arrived! Therefore, I am thrilled to begin year three as your Superintendent of Schools. The mission of our district is to make sure we are preparing all our students for their future, to be college and career ready, by providing high quality instruction that is rigorous and relevant to our students' needs.

I trust the 2015-2016 school year will prove to be even more rewarding and productive. Several changes will continue to transpire, having a positive impact on our staff, students and stakeholders. As a staff we will continue to hone our knowledge and expertise regarding common core standards, we will continue to educate all stakeholders on the new report card accountability system, our students will again take new online state assessments and new graduation requirements commence with the class of 2018. The challenges have never been greater in public education but our district is poised to prosper.

Mr. Josh Sagester
Superintendent

We in the Tri-Village District are ready for these challenges and continue to seek ways of being more competitive and innovative in the educational marketplace so that our students have the necessary tools to excel. Our outstanding educators and staff are working hard to meet the demands while creating high quality opportunities for students to be college and career ready.

The partnership between schools and community is the backbone of our excellence. As we embark on a promising new year together, it is my aspiration that we will work collaboratively to provide your child the best possible opportunities in preparing them to be world-class citizens ready to master the challenges of the 21st century. As superintendent, my door is always open and I welcome your input. As mentioned above, we anticipate another successful year at Tri-Village Local as my team and I support the academic, social and emotional growth of your child.

Sincerely,

Josh Sagester
