Tri-Village Employee of the Month Spotlight

Paige Greer

How long have you been at Tri-Village?
Seven Years

The best part of my job?
The people. I love collaborating with amazing colleagues, supporting our students, and making sure everyone feels included and cared for every day.

The most rewarding part of my job?
What fulfills me the most in this role is guiding students through their journey and celebrating their growth along the way.

Something about Tri-Village that makes me proud?
What makes me the most proud about Tri-Village is our heart. We don't just teach and collaborate; we build a community where every student grows, every team member is supported, and everyone belongs.

What does "Be Better. Be Different." mean to you?
To me, "Be Better. Be Different." means never settling for the status quo when it comes to supporting our people. It's about constantly growing as an aide and teammate, while actively creating a culture of deep inclusion, care and belonging.

What's your favorite sports team?
The ones my kids play for. I enjoy supporting them and cheering them on, but I wouldn't consider myself a huge sports fan otherwise.

What is your favorite restaurant?
Cheesecake Factory

What is your favorite movie or TV show?
Gilmore Girls

If you could have dinner with anyone, who would it be?
I would choose both of my grandmothers and my mom because spending time with them is very special to me.

What is your favorite song?
"Good Day" by Nappy Roots
