Address: _____ City: _____

To ensure that student's are taken to the appropriate drop off point, your child will need a bus pass for any changes in their schedule. A note to the teacher and approval by the office is necessary on any changes. Phone calls will only be accepted in cases of emergency. Parents are required to come into the office to request changes that are not made before school. Students will not be allowed to call home to find out their arrangements for the day. If a note is not sent in with your child, they will follow their regular schedule.
