## *Continuity of Learning Plan*

Dear Parents/Guardians,

I hope this message finds you well. As we navigate through our lovely Ohio winter weather, we want to keep you informed about the possibility of utilizing our Continuity of Learning Plan (online learning plan) if the district **exceeds five calamity days**. Due to the passage of legislation last year, districts must utilize an online learning plan that replaces the use of blizzard bags. Once the district exhausts the five allotted missed school days, the Continuity of Learning Plan will be used for days six, seven and eight if need be. Any school days missed after that will result in days being made up which are defined on our Board adopted calendar. To date, the district has utilized two calamity days due to inclement weather.

Mr. Sagester  
Superintendent

### **What are online days?**

Online day plans are an alternative to making up hours due to school closures. Districts may use an online day plan to make up the equivalent of up to **three school days** via online delivery under allowable circumstances.

### **Continuity of Learning Plan for Tri-Village (online days)**

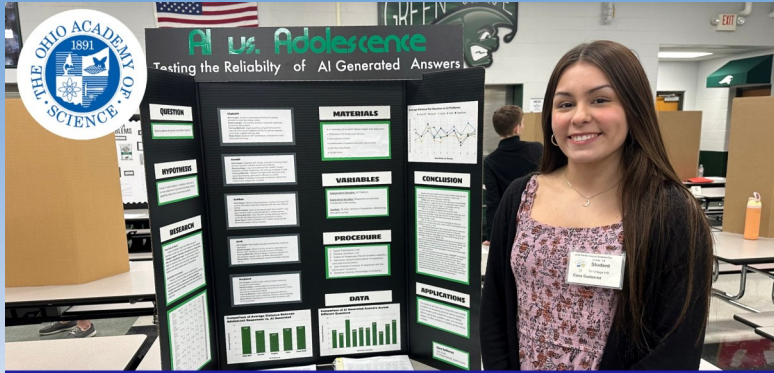

1. The teaching staff will use Google Meets/Google Classroom to provide online instruction to our students.
  - a. Students will follow their regular class schedule online by clicking each individual teacher link if warranted.
    - i. Each teacher will communicate their individual plan with students/parents.
2. Attendance will be taken based on completion of assignment (s) and/or participation.
3. Our teaching staff will be accessible through their individual link on our district website from 7:40 am-3:00 pm.
4. Students will use their own device and/or a district issued Chromebook for technology access.
  - a. Students who do not have access (technology/internet) will be given the assignment upon their return to school however, the expectation is that students make every attempt to be present online.
5. The district will use our various social media outlets and our one call now information system to inform parents when our Continuity of Learning Plan will be enacted.

We appreciate your continued support, understanding, and most importantly your patience as we navigate this modification. If you have questions, feel free to reach out to our building principals and/or your child's teacher.

Respectfully,

*Josh Sagester*  
Superintendent

# Darke County Science Fair

**CORA GUTIERREZ**

Superior Rating 1st Place Computer Science 2nd Place Overall Best Abstract

**COLTON CLEVENGER**

Superior Rating 1st Place Engineering 3rd Place Overall

Superior Rating Honorable Mention Computer Science

## Tri-Village State Science Day Qualifiers

The students received a Superior rating at both the County and Regional Science Day in order to advance to the State Competition. For State, they will prepare and submit virtual presentations and quad charts for judging. Congratulations and Good Luck at State.
